

Traffic switch on the Newell Highway south of Edgeroi from Tuesday 23 July

Narrabri to Moree Heavy Duty Pavement Upgrade

July 2024

Australian Government

BUILDING AUSTRALIA

NSW
GOVERNMENT

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The Australian and NSW Governments are jointly funding the Heavy Duty Pavement Upgrade of the Newell Highway between Narrabri and Moree under the Newell Highway Upgrade program.

Work is continuing across all sections of the project. In Section 2 at Edgeroi, work is progressing to widen the pavement, requiring traffic to be switched onto a temporary pavement to safely facilitate the work.

What work are we doing?

Lead contractor Fulton Hogan will be carrying out the work which will include relocating safety barriers and switching traffic onto temporary new pavement just south of Edgeroi.

When and where we'll be working

Work will commence on **Tuesday 23 July** and is expected to take nine days to complete, weather permitting.

Working days will be **Tuesday to Wednesday** from **7am to 6pm**. We have included a map to show the location of the work.

What will this mean for you?

You may notice:

- noise from machinery and equipment
- traffic control, signage and reduced speed limits in place.

Traffic impacts

There will be temporary traffic changes to ensure the work zone is safe. These include:

- single lane closures
- reduced speed limit to 40 km/h during work hours
- intermittent stopping.

Please keep to speed limits and follow the direction of traffic controllers and signs.

Motorists should continue to allow up to 15 minutes of additional travel time when travelling between Narrabri and Moree.

For the latest traffic updates, you can call **132 701**, visit **livetraffic.com** or download the **Live Traffic NSW App**.

Managing our impacts

We aim to manage our work to minimise impacts to the community and the environment.

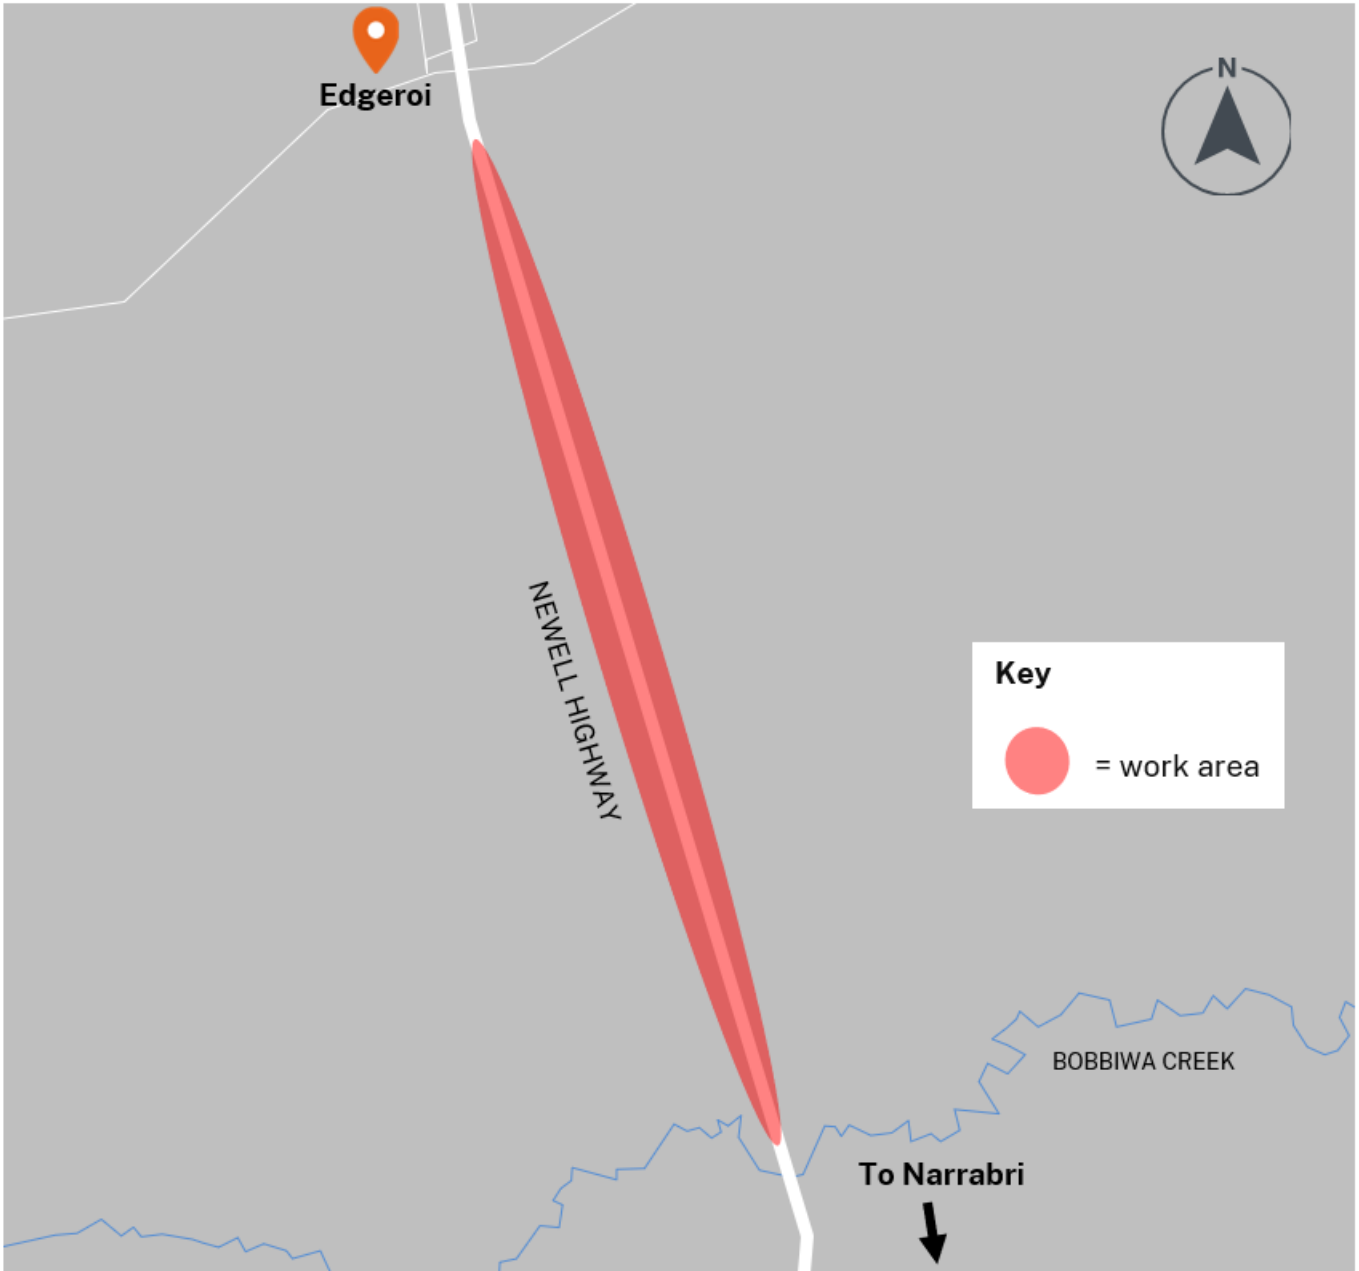

This includes:

- reducing our noise as much as possible
- turning off machinery, equipment, and vehicles when not in use
- maintaining property access at all times.

Residents and businesses within the work area will be directly consulted about the planned work activities prior to work commencing.

Thank you for your patience during this important work.
