

Changed traffic conditions on the Newell Highway south of Moree from Tuesday 19 November

Narrabri to Moree Heavy Duty Pavement Upgrade

November 2024

Australian Government

BUILDING AUSTRALIA

NSW
GOVERNMENT

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Work is continuing on the Heavy Duty Pavement Upgrade project on the Newell Highway between Narrabri and Moree to improve safety and travel reliability for all motorists.

What work are we doing?

In Section 5 south of Moree, crews will be carrying out line marking and applying the final seal along an 8-kilometre section between the Newell Highway intersections with Blueberry Road and Wondah Road.

When and where we'll be working

We'll be working between the hours of **6am and 6pm** across the following dates, weather permitting:

- **Tuesday 19 November to Thursday 28 November**, including weekends.
- **Tuesday 3 December to Thursday 12 December**, including weekends.

We have included a map to show the location of the work.

What will this mean for you?

You may notice:

- traffic control, signage and reduced speed limits in place.
- noise from machinery and equipment.

Managing our impacts

We aim to manage our work to minimise impacts to the community and the environment by:

- maintaining property access for residents at all times
- reducing our noise as much as possible, turning off machinery and vehicles when not in use.

Traffic impacts

Work on the Newell Highway will be carried out under existing traffic control conditions to keep the work zone safe. This includes:

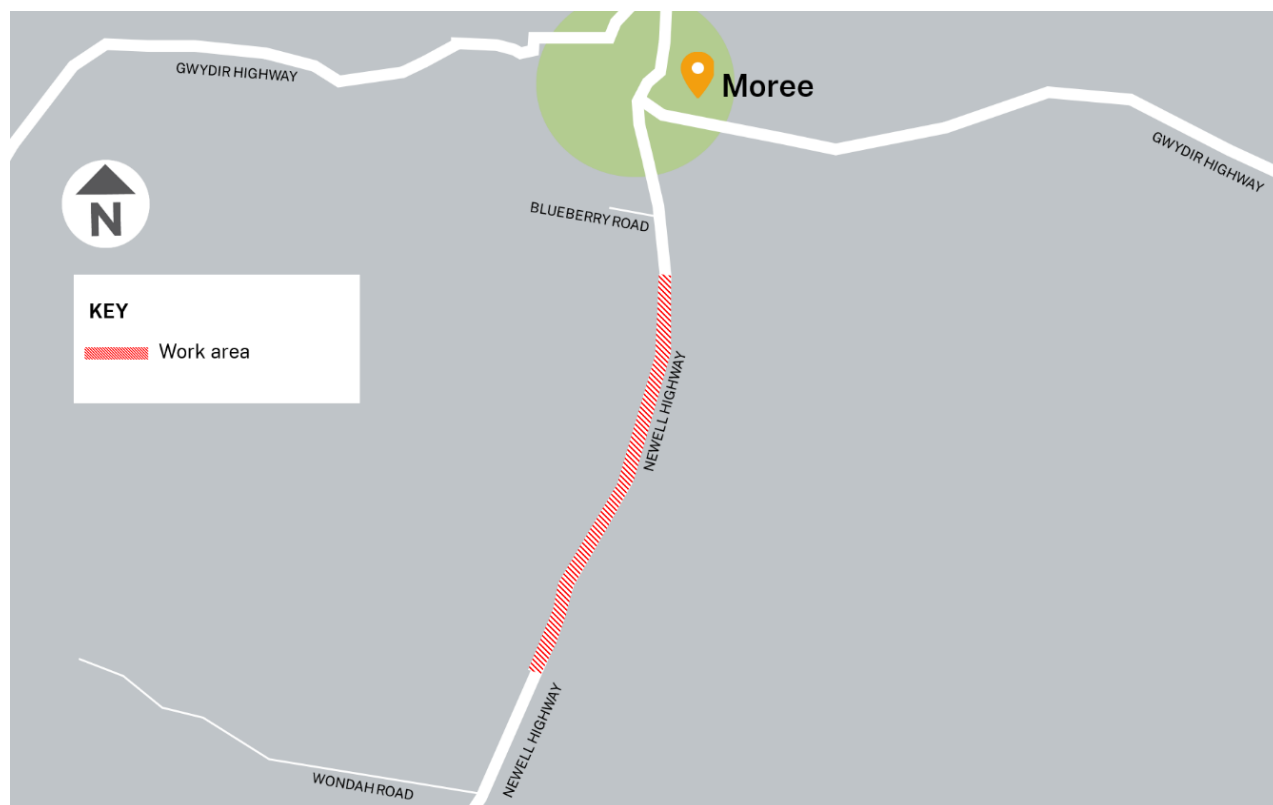

- single lane closures while the barriers are relocated
- reduced speed limit to 40 km/h during work hours
- intermittent stopping.

Motorists are reminded to plan ahead, keep to the speed limit and follow the direction of traffic controllers and signage.

Motorists should continue to allow up to 15 minutes of additional travel time when travelling between Narrabri and Moree.
