

Nightwork for bridge maintenance at Oxley Bridge on the Newell Highway in Forbes from Monday 22 July

July 2024

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

Transport for NSW is carrying out nightwork for routine bridge maintenance at Oxley Bridge on the Newell Highway in Forbes.

What work are we doing?

The nightwork will include replacing damaged concrete panels on the bridge's pedestrian footpaths, replacing and/or re-tensioning bolts on the finger plate joints at either end of the bridge, and trimming two trees which are overhanging the northern side of the bridge.

When and where we'll be working

We will be working at Oxley Bridge between **6pm** and **6am** from **Monday 22 July**.

We expect to complete the nightwork in **five nights**, weather permitting. All work activities and dates are subject to weather and site conditions.

We have included a map to show the location of the work.

What will this mean for you?

There will be some temporary traffic changes to ensure the work zone is safe.

The highway will **remain open with single lane closures and a 40km/h speed limit** in place during work hours which may affect travel times.

Please keep to the reduced speed limit during work hours and follow the direction of traffic controllers and signage.

You should allow up to five minutes extra travel time during this work.

The speed limit will return to 50 km/h outside of work hours.

For the latest traffic updates, you can download the Live Traffic NSW app, visit [livetraffic.com](https://www.livetraffic.com) or call 132 701.

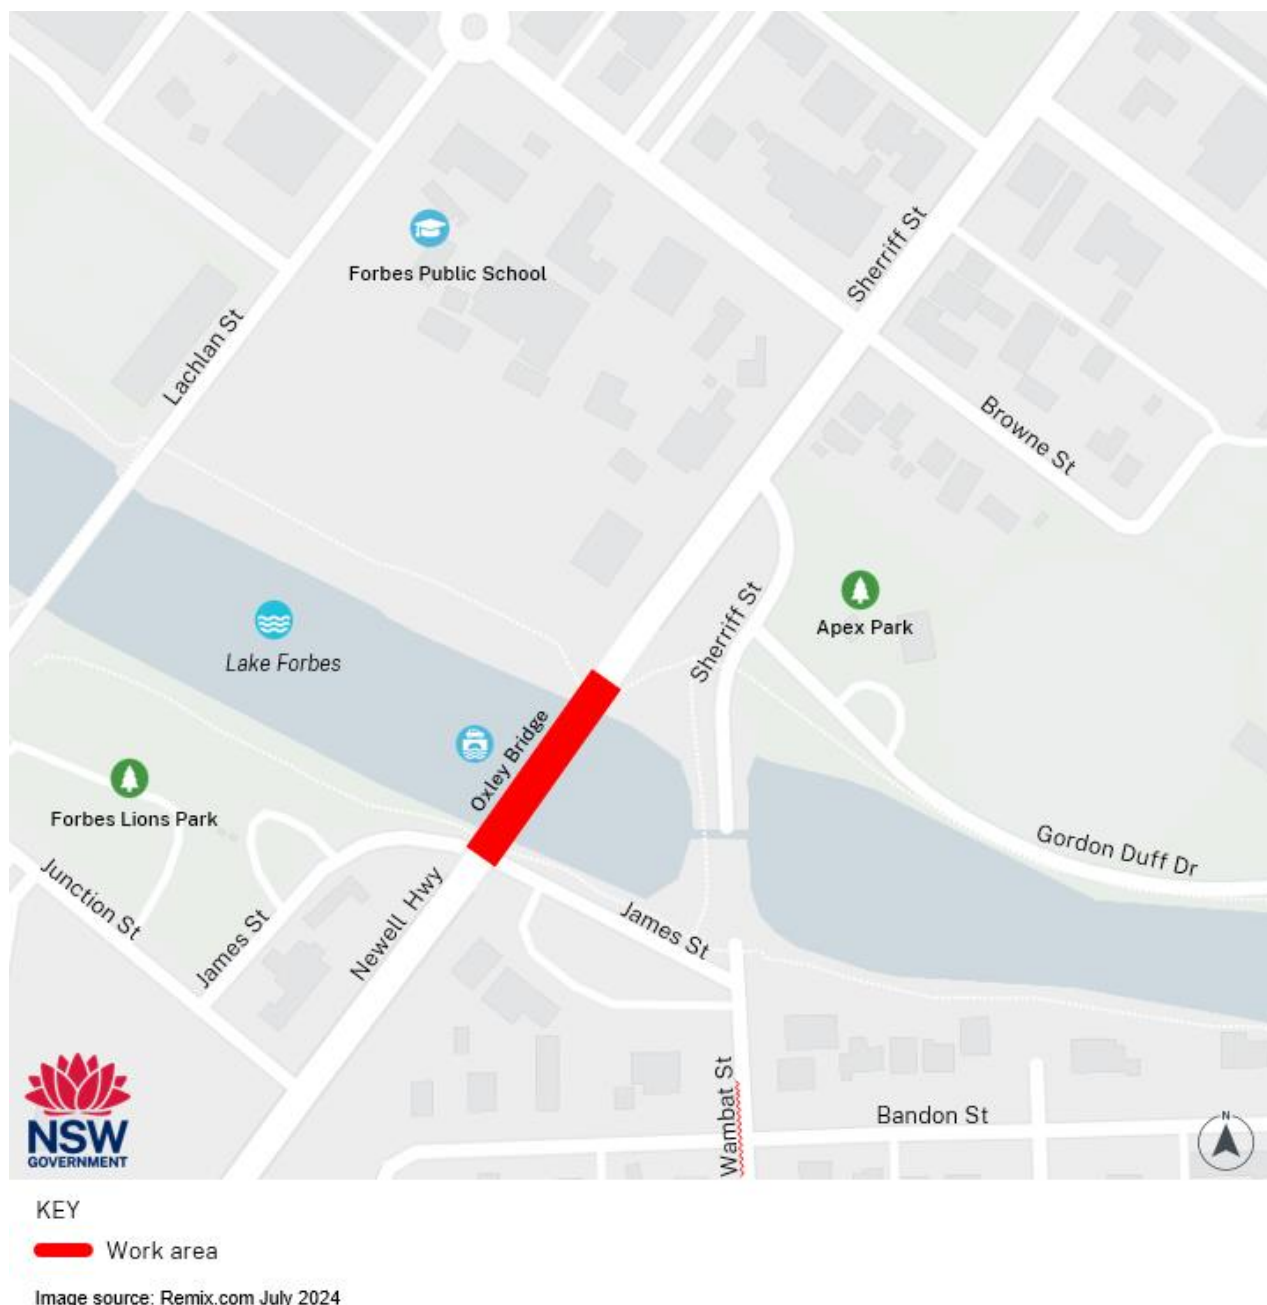

Managing our impacts

We aim to manage our work to minimise impacts to the community and the environment.

The nightwork will involve the use of machinery which generates some noise. We will make every effort to minimise noise by completing louder activities earlier in the evening and turning off machinery and vehicles when not in use.

We understand that the work will generate some inconvenience and we thank you for your patience.
