

Road work on Old Northern Road, Dural and Middle Dural from Wednesday 21 February 2024

Community Notification

February 2024

Transport for NSW acknowledges the Dharug people as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Transport for NSW will carry out essential maintenance work on Old Northern Road, Dural and Middle Dural between Wednesday 21 February and Friday 22 March 2024.

What work are we doing?

The work will involve replacing sections of asphalt and repainting road markings on the northbound and southbound lanes of Old Northern Road, Dural and Middle Dural at two locations:

- Old Northern Road between 1155 and 1191 Old Northern Road
- Old Northern Road between Coppabella Road and Mid Dural Road.

For further information on our work locations, please refer to the map overleaf.

When will we be working?

We will be on site for up to **12 night shifts** between **Wednesday 21 February** and **Friday 22 March 2024**, weather permitting.

We will work from **Sunday to Thursday** between the hours of **8pm** and **5am**. We will not work on Friday nights or on Saturdays.

What will this mean for you and how will we manage it?

Our work needs to be carried out at night to limit disruption to traffic and reduce safety risks to our workers, pedestrians, and motorists.

It may be noisy at times, but we will do everything we can to minimise our impacts, including:

- turning off equipment and vehicles when they are not in use
- resurfacing progressively along the road to avoid impacting the same area each night.

Traffic changes

There will be temporary traffic changes to make sure the work zone is safe. Lane and road closures and a 40km/h speed limit will be in place and may affect travel times.

Please keep to speed limits and follow the direction of traffic controllers and signs.

Road closure and detour route

For safety reasons this work will require the closure of Old Northern Road between Galston Road and Mid Dural Road for the duration of the work. Motorists will need to detour via Galston Road and Mid Dural Road to re-enter Old Northern Road.

Access for residents on Old Northern Road, between Galston Road and Mid Dural Road, will be maintained under the direction of traffic controllers. Residents may experience minor delays while we arrange safe travel through the work area.

Notification of all road closures will be displayed on Variable Message Signage boards at least five days before any traffic changes come into effect.

Please keep to speed limits and follow the direction of traffic controllers and signs.

Other work in the area

We will be completing other essential maintenance work in the area over the coming months. If you would like to receive project updates please contact our delivery partner, Fulton Hogan, using the details below and request to be added to our e-distribution list.

Transport for NSW thanks the community for their patience while we complete this work.
