

Transport for NSW
**Newell Highway upgrade –
Parkes Bypass**

Out of hours work

As part of the Parkes Bypass project, Transport for NSW is constructing a bridge over the rail corridor and Hartigan Avenue.

Work hours will be extended to **2am to 6pm** to undertake concrete works involving the bridge deck pour that may otherwise be compromised by the heat of the day.

Our first early morning shift is planned for **2am on Tuesday 5 March**.

We expect this work to be completed in 10 shifts over the next six weeks, with up to two early morning shifts per week. This work is weather dependent.

If you would like to be notified via text message prior to the commencement of each early shift please call 1800 741 636 (option 3).

We thank you for your patience while this important work is carried out.

Project Infoline: 1800 741 636 (option 3)
