

Changed traffic conditions and night work on Hartigan Avenue in Parkes from 11 November

Parkes Bypass Newell Highway upgrade

November 2024

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The Australian and NSW Governments are investing in the Parkes Bypass to improve connectivity, road transport efficiency and safety for all motorists.

What work are we doing?

Sealing and linemarking before opening the final section of the Hartigan Avenue extension to traffic.

When and where are we working?

From **7am on Tuesday 12 November, Hartigan Avenue will be fully opened** allowing vehicles to travel under the Bridge over Rail between Condobolin Road and the Link Road.

Work on the Parkes Bypass project will be carried out between **7am and 6pm from Monday to Friday and 8am to 6pm on Saturdays and is expected to be completed in mid 2025.**

Traffic changes

To ensure the safety of our work crews, there will be a number of traffic changes in place:

- Brolgan Road near Essential Energy will remain closed
- Link Road will be closed.
- Westlime Road, between Brolgan Road and Condobolin Road, remains closed for

construction of the Parkes Bypass alignment.

- There will be times when traffic will need to be stopped to assist with the works.
- **Night work** will be required prior to the opening of the final section to allow sealing works, line marking and barrier installation. These night works will take place along new Billy Mac Place and new Hartigan Avenue including associated intersections.
- **Night work will be carried out on Monday 11 November between 6pm and 7am, weather permitting.**

We have included a map to show the location of the work.

Managing our Impacts

We aim to manage our work to avoid impacts to the community and the environment. This includes:

- Using watercarts to suppress dust
- Arranging the work in stages at different locations
- Turning off machinery and vehicles when not in use
- Variable messaging signs in place to direct traffic.

Changed traffic conditions near Hartigan Avenue

Oversize Overmass (OSOM)

The Oversize Overmass (OSOM) route is changing to the newly extended Hartigan Avenue.

We understand that this work may cause some inconvenience and we thank you for your patience during this time.
