

Changed traffic conditions near London Road from Monday 2 December

Newell Highway upgrade, Parkes Bypass

November 2024

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The Australian and NSW Governments are investing in the Parkes Bypass to improve connectivity, road transport efficiency and safety for all motorists.

What work are we doing?

Constructing the bypass alignment near London Road.

The work will involve:

- excavating to the foundation level
- treating the foundation
- placing pavement layers
- asphaltting.

When and where we'll be working

We will be working on the Parkes Bypass alignment near London Road, and have included a map over the page to show the location of the work.

We expect this work to take 8 weeks from Monday 2 December, weather permitting.

Work will be carried out between **7am and 6pm** from **Monday to Friday** and **8am to 6pm on Saturdays**.

We will let you know in advance if we need to do any work outside these times.

No work will take place on the project between 21 December and 6 January 2025.

Traffic changes

- The current temporary traffic signals will be removed and London Road will be reopened to two-way traffic with intermittent traffic control.
- Traffic will be switched onto the newly constructed section of London Road between Ballerdee Lane and the Parkes Golf Club, which includes a small section of the new Parkes Bypass alignment.
- The Golf Club will still be accessible via the current entry.

Managing our impacts

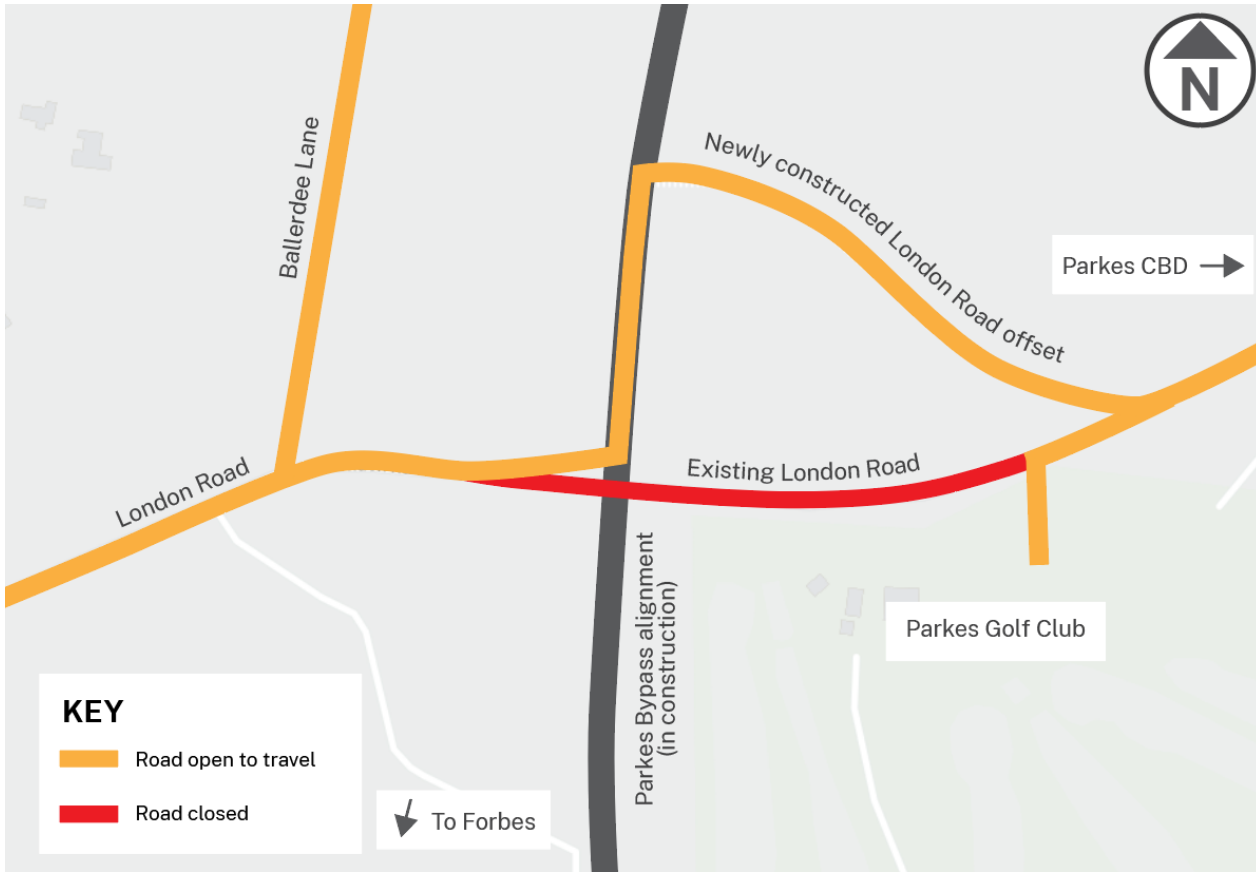

We aim to manage our work to avoid impacts to the community and the environment. This includes:

- using watercarts to suppress dust
- arranging the work in stages at different locations
- turning off machinery and vehicles when not in use
- having variable messaging signs in place to direct traffic.

We understand that this work may cause some inconvenience and we thank you for your patience during this time.
