

Notice of work

Parramatta Road

New T3 transit lanes between Burwood and Haberfield

New bus lanes in Ashfield and Petersham

May 2024

Transport for NSW acknowledges the Eora and Dharug as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

Transport for NSW has a vision to revitalise Parramatta Road as a multimodal transport corridor that connects thriving, vibrant centres to places of work and leisure.

We will install new T3 transit lanes and bus lanes on Parramatta Road, which will help to improve bus reliability and efficiency in the morning and afternoon weekday peak periods.

What are we doing?

T3 Transit Lanes

We will install new T3 transit lanes in both directions on Parramatta Road between Burwood Road in Burwood and Bland Street in Haberfield.

Work involves installing:

- painted kerbside T3 transit lanes, and
- T3 transit lane signage.

Bus Lanes

We will install a westbound kerbside bus lane between Norton Street in Leichhardt and West Street in Petersham, and eastbound and westbound kerbside bus lanes between Orpington Street and Bland Street in Ashfield.

Work involves installing:

- painted kerbside bus lanes, and
- bus lane signage.

The T3 transit lanes and bus lanes will be operational 6am–10am and 3pm–7pm, Monday to Friday.

When will we be working?

We will be onsite between **Monday 3 June 2024** and **Friday 5 July 2024** for up to **seven shifts**, weather permitting.

Our work hours will be **9pm to 5am, Sunday to Friday**. No work will be performed on Saturdays or public holidays.

What will this mean for you?

Our work may be noisy at times, but we will do everything we can to minimise the impact, including completing noisier tasks by midnight.

During our work you may notice:

- workers and vehicles
- traffic controllers and signage
- lane closures and reduced speed limits
- footpath closures
- noise from machinery and equipment

Traffic changes

There will be temporary traffic changes while workers are on site. Single lane closures and a work zone speed of 40 km/h will be imposed on adjacent traffic to ensure safety.

Traffic control measures will always be in place. Please keep to speed limits and follow signs and traffic controllers' directions.

It is expected that there will be some impacts to general traffic during morning and afternoon bus lane hours while the network gets used to these changes.

For the latest traffic updates, you can call 132 701, visit [livetraffic.com](https://www.livetraffic.com) or download the Live Traffic NSW App.

Why are T3 transit lanes and bus lanes so important?

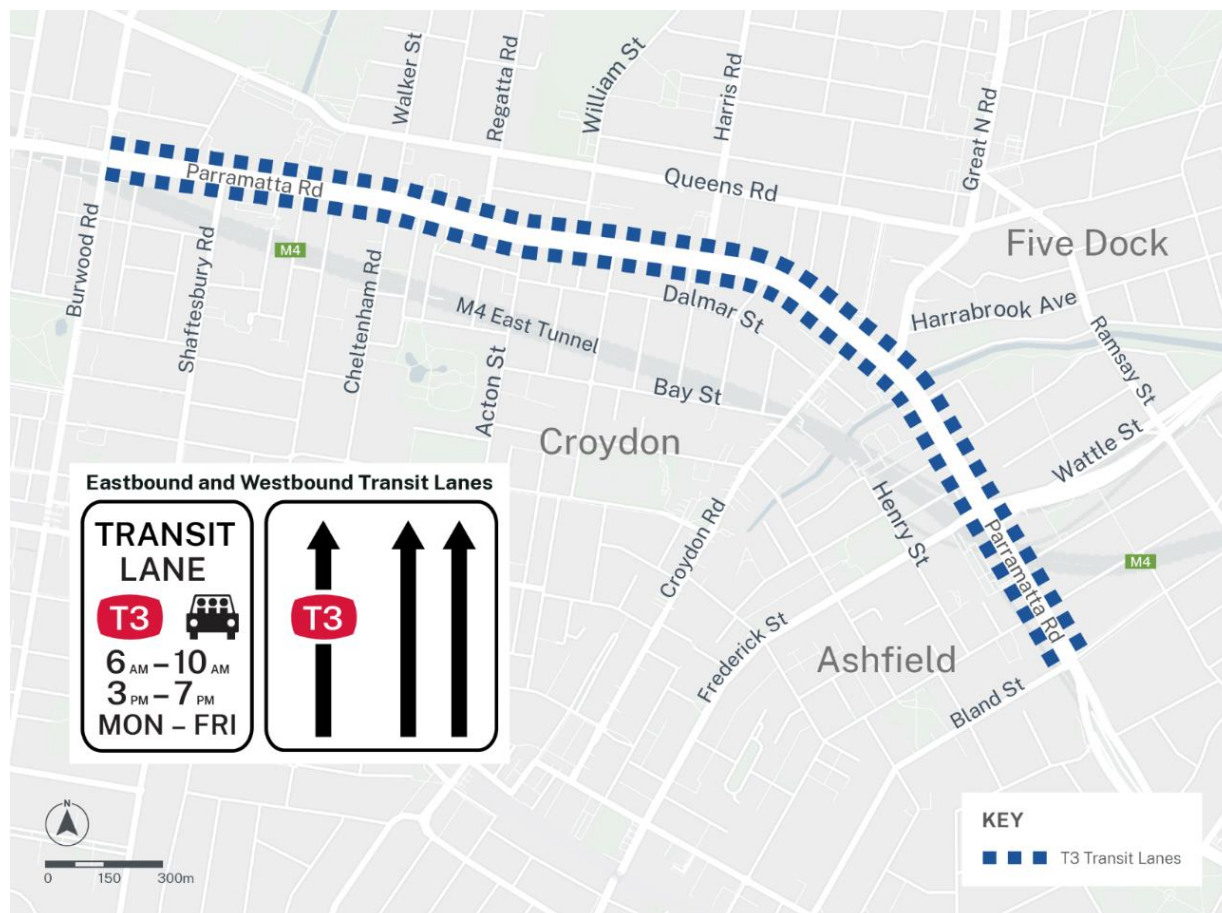

The NSW Government has a long-term vision to revitalise Parramatta Road. Prioritising public transport within the existing road space is the vital first step towards encouraging people onto public transport and easing congestion on our roads.

T3 transit lanes can be used by vehicles containing three or more people, buses, taxis, hire cars, motorcycles, bicycles, emergency and fully electric vehicles.

Bus lanes can be used by buses, taxis, hire cars, bicycles, emergency vehicles and motorcycles. Other vehicles are permitted to enter a bus lane if they are within 100 metres of undertaking a turn.

These improvements will promote multi-person travel, including carpooling (three or more people) and access to buses, and reduce Sydney's carbon footprint.
