Have your say on the Review of Environmental Factors for the western section of the Picton Road upgrade

Transport for NSW is carrying out planning and design work for the upgrade of Picton Road between the Nepean River and the M1 Princes Motorway, including the interchanges at the M31 Hume Motorway and the M1 Princes Motorway.

The western section of the upgrade, between the Nepean River and Almond Street, Wilton, is progressing first, with the Review of Environmental Factors (REF) on display from **Thursday 1 February** to **Thursday 29 February 2024**.

Visit our interactive web portal at nswroads.work/pictonupgrade to find out more about the Review of Environmental Factors and to have your say.

Copies of the REF are available to read at:
Wollondilly Shire Council
Wollondilly Library

Meet the project team

To meet the team and learn more about the project and the REF, join us at one of the drop-in sessions below:

Saturday 10 February 2024, 10am to 2pm
