

# Queanbeyan Station upgrade

## Safe Accessible Transport

December 2024

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The NSW Government is improving accessibility at Queanbeyan Station as part of the Safe Accessible Transport program.

The project will provide a station precinct accessible to people with a disability, limited mobility, parents/carers with prams and passengers with luggage.

### What work are we doing?

Work is ready to start at Queanbeyan Station. This month we will be:

- installing new temporary accessible toilet facilities
- starting mobilisation of the construction compound.

### When we'll be working

Work will be carried out during standard construction hours from **7am to 6pm, Monday to Friday and 7am to 1pm on Saturdays, from Thursday 5 December.**

Work is expected to be completed by mid-2025. All work is dependent on weather and site conditions and is subject to change.

### What will this mean for you?

You may notice:

- workers and vehicles
- temporary loss of parking
- noise from machinery and equipment
- changes to station facilities for customers.

### Traffic impacts

There will be no impacts on traffic during this stage of the project.
