

Redfern Station Upgrade

Upcoming work notification

March 2024

Transport for NSW acknowledges the Gadigal people of the Eora Nation as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

What's happening in March?

In March, our team will:

- complete rectification work on the new Southern Concourse and buildings;
- complete road works on Lawson, Ivy, Wilson and Little Eveleigh streets to enable the Little Shared Zone to be opened. This will include:
 - line marking and paving
 - installing signposts and signs
 - relocating bicycle hoops.

From March, the project site office on Carriageworks Way will be demobilised, with cranes and trucks used to remove site infrastructure and materials.

When and where we'll work

Our standard construction hours are:

7am-6pm Monday to Friday, and 8am-6pm Saturday.

For the safety of our workers and the community, some work may take place outside the standard hours. In March, this may include site office, material and equipment removal via Carriageworks Way and Wilson Street.

What does this mean for you?

While the work is underway, you may notice:

- workers and vehicles
- traffic controllers and signage
- noise and vibration from machinery and equipment, such as cranes, grinders, jackhammers, power saws, rattle guns, rock hammers/breakers, rollers, excavators and trucks.

Traffic and parking impacts

Wilson Street: Up to six parking spaces will be temporarily unavailable **from 7am Tuesday 12 to 6pm Thursday 14 March 2023**. Please see the map overleaf for more information.

This will enable oversize vehicles to remove the site office infrastructure, equipment and materials.

Managing our impacts

We reduce noise and vibration by turning off machinery when not in use and, where possible, use noise absorbing blankets.

For more information about the project's noise and vibration management, please refer to the Construction Noise and Vibration Management Plan available on the project webpage:

transport.nsw.gov.au/redfern

Future work and communications

In coming months, subject to approval, a new light pole will be installed at the intersection of Little Eveleigh and Lawson streets to allow installation of a pedestrian crossing. Impacted residents will be notified in advance.

This is Redfern Station Upgrade's last planned construction work.

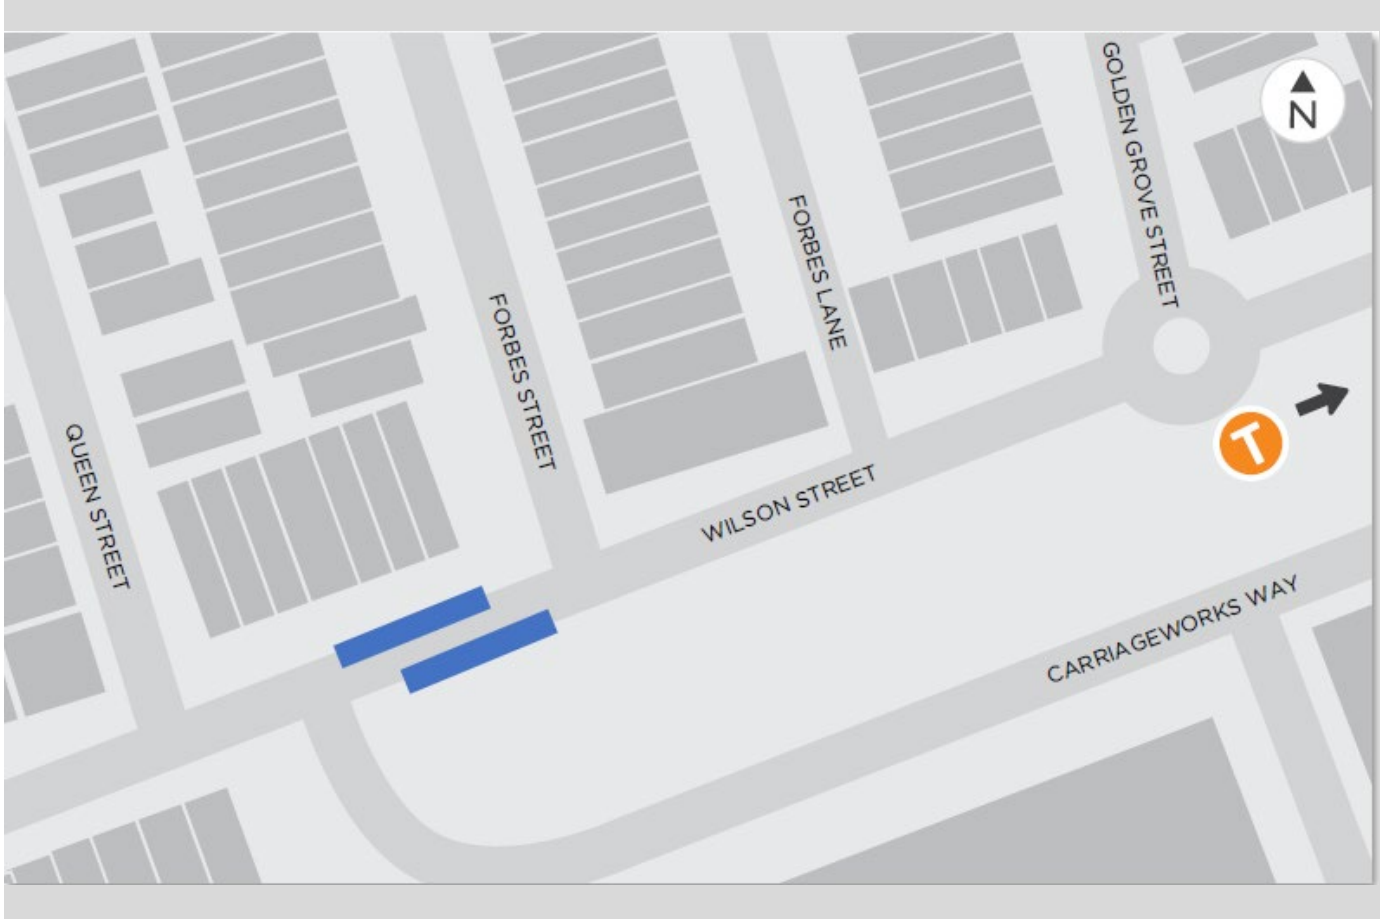

We appreciate the community's patience and understanding during the project's life.

For any further feedback about the operation of the upgraded Redfern Station, please contact Sydney Trains directly. Contact details may be found at:
