

South Mosman Wharf Upgrade

Night work in September and October

September 2024

Transport for NSW acknowledges the Borogegal and Cameraygal as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

South Mosman Wharf is being upgraded as part of the Safe Accessible Transport program to make public transport safe, inclusive and easy to use for all passengers, especially people with disability, older people, people with prams or luggage and people with limited mobility.

Upcoming night work

In August, we notified you of upcoming night work. Due to unforeseen circumstances this work was postponed and will now be carried out in the coming weeks.

For safety and accuracy, this work needs to be carried out at night when the water is at its calmest and there is less marine traffic.

When we'll be working

Work is expected to take place over **15 night shifts** from **Sunday 29 September** to **Sunday 20 October** (excluding Saturdays) between **8pm and 5am**, weather and maritime conditions permitting.

For all other construction activities, work will continue to take place during standard work hours from **7am to 5pm**.

What the work involves

Work involves lifting and screwing new pontoon piles and installing structural steel for the lift, stair and skybridge structures. Equipment includes a barge crane, tugboat, piling leader, a work punt, temporary lighting and hand tools. Pedestrian and vehicle access to properties will be maintained along Musgrave Street.

Managing our impacts

Some of our work may be noisy at times. If pile hammering work is required, it will only be carried out after 7am. To minimise impacts we will be turning off equipment when not in use and placing equipment and lights as far away as possible from residents.

Are you studying for the Higher School Certificate?

If a member of your household is studying for the Higher School Certificate (HSC) please contact us as soon as possible. We will make every effort to limit disruption to HSC students during the exam period.

Thank you for your cooperation while we carry out this important work.
