

Project update

Spring Farm Parkway Stage 1

July 2024

Spring Farm Parkway is a key east-west link that will support the Greater Macarthur region, meeting the needs of a growing population by connecting communities.

Work is continuing on Spring Farm Parkway Stage 1 with most of the work to be finished in the coming months.

In this project update, you will see what we have achieved, upcoming work activities, our work schedule and any traffic changes.

What have we achieved?

- switched traffic on Menangle Road to its permanent alignment
- started construction of the shared pathway in front of Broughton Anglican College
- asphalted the bridge over the Hume Motorway
- built the new median, kerb and gutter on Menangle Road
- installed three new signalised intersections
- installed street lighting at new intersection on Menangle Road

What's happening next?

- continue to lay the new asphalt and line-marking on the Hume Motorway, Menangle Road, and Spring Farm Parkway connection
- continue to install street lighting, signage and landscaping across the project area.

- ongoing works are progressing well and on track for completion.

Our work schedule

Our standard work hours are **7am to 6pm, Monday to Friday** and **8am to 1pm Saturdays**. These hours exclude public holidays and inclement weather.

Unless otherwise notified, our night work construction hours are from **6pm to 5am, Sunday to Thursday** with no more than five consecutive nights of work at one time.

Managing our impacts

We aim to manage our work to minimise impacts on the community and the environment. Our work may be noisy at times and we apologise for any inconvenience.

Where possible we minimise noise by:

- turning off machinery when not in use
- positioning equipment such as generators away from properties
- undertaking noise monitoring
- communicating over radio and hand signals

What will this mean for you?

During our night construction hours, we may use noisy machinery and equipment.

You may notice

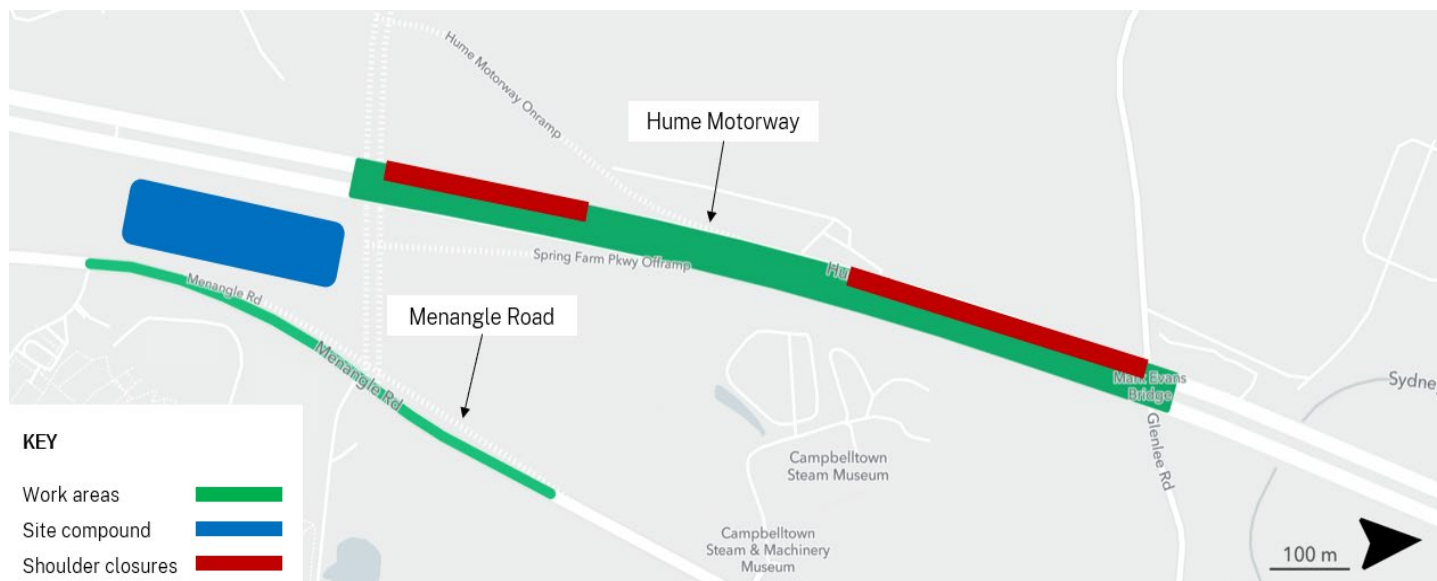

- workers, vehicles, traffic controllers and signage
- road/lane closures, detours, and reduced speed limits
- noise from machinery and equipment

Acknowledgement of Country

Transport for NSW acknowledges the Dharawal people as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Out of hours work areas along the Hume Motorway and Menangle Road

Traffic Changes

To minimise traffic disruptions and safety risks to workers and road users, reduced speed limits have been implemented around our work area.

These include:

- 60km/h speed limit through Menangle Road construction zone and outside of school zone hours
- 40km/h speed limit through the Menangle Road construction zone while work is being carried out near live traffic and/or night work
- 80km/h speed limit through the Hume Motorway construction zone

- 40km/h on Hume Motorway during nightwork
- Electronic signage will advise road users of these changes. Please keep to speed limits and follow signs and traffic controller's directions.
