

St Peters Station Upgrade Community Update

Transport Access Program

March 2024

Transport for NSW acknowledges the Gadigal and Wangal people of the Eora Nation as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

The St Peters Station Upgrade is being delivered as part of the Transport Access Program.

The upgrade will provide a station precinct that is accessible to people with disability, limited mobility, parents/carers with prams and passengers with luggage.

Work in March and April

In March and April work will include:

- minor finishing work across the station
- Installation of lights on the stairs to platform 3 and 4.

When we'll be working

Work at the station will be completed during standard construction hours - **Monday to Friday, 7am to 6pm, and 8am to 1pm on Saturdays.**

What will this mean for you?

You may notice:

- intermittent periods of noisy work
- increase in construction traffic vehicles and personnel

- traffic control, signage, workers and vehicles around the station.

The station master's office and existing toilet facilities on the footbridge remain closed during the upgrade work.

We apologise for any inconvenience caused.

Changes to scheduled work

Work schedules are subject to change due to permits, weather, and site conditions.

Further notification will be provided should there be a significant change to the construction program.

Managing our impacts

We aim to manage our work to minimise impacts to the community and the environment.

This includes:

- reducing our noise as much as possible
- replacing reversing beepers with clickers
- using traffic control and signage.
