

Road closure and detours at Terania Street and Alexandra Parade, Lismore

February 2024

Transport for NSW acknowledges the Widjabal people of the Bundjalung Nation as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The NSW Government is investigating damage to the non-operational rail over road bridges in Lismore.

What happened?

An over height vehicle struck the disused rail bridge over Terania Street at Lismore on the afternoon of Wednesday 7 February.

As a result, Terania Street was closed to pedestrian and vehicle traffic between Tweed and Peate streets.

A similar event took place at the disused rail bridge over Alexandra Parade at North Lismore on the morning of Tuesday 20 February.

As a result, the 3.5 metre clearance lane under the bridge was closed. The 2.8 metre clearance lanes remain open in both directions to light vehicles only.

Further inspections will be required to determine next steps and to ensure the roads can be safely reopened to motorists.

Road closures and traffic changes

Road users are advised that Terania Street will remain closed to all vehicles, pedestrians and cyclists until a risk assessment has been completed to identify the work required to enable the road to be re-opened.

A timeframe for this is still to be determined, however Transport is treating this as a high

priority. The closure period is expected to be extensive.

The 3.5 metre clearance lane on Alexandra Parade will remain closed until a risk assessment has been completed to identify the work required to enable the road to be re-opened.

Transport will keep the community up to date on the progress of the risk assessment.

Detour route

Terania Street detour for all heavy and light vehicles is available via Wilson Street, Elliott Road and Ballina Road.

Light vehicles can access Terania and Bridge streets via Dawson and Woodlark streets, which are not suitable for heavy vehicles.

Light vehicles with 2.4 metre clearance can access Tweed Street northbound from Terania Street via Pine and Crane streets.

A detour for pedestrians and cyclists is available from Terania Street via Pine, Crane and Tweed streets.

Alexandra Parade detour for heavy vehicles travelling westbound is available via Winterton Parade, Orion Street, Dawson Street, Ballina Road, Elliott Road, Wilson Street, Terania Street and Tweed Street, vice versa for heavy vehicles travelling eastbound.

Motorists should allow up to 10 minutes extra travel time.

Heavy and light vehicle drivers should plan their journey and allow extra travel time, drive to the conditions and follow the directions of signs and traffic control.

Please keep to speed limits and follow the direction of traffic controllers and signs.
