

Safety work continues on Victoria Road between Pemberton Street and Pennant Street, Parramatta

Community Update

March 2024

Australian Government

Transport for NSW acknowledges the Dharug people as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Transport for NSW is continuing safety improvement work on Victoria Road, between Pemberton and Pennant Street, Parramatta.

What work have we done so far?

Since we started work in January 2024 we have:

- extended the concrete median on Victoria Road to beyond the intersection of Pemberton Street
- removed the existing pedestrian refuge island on Pennant Street (east of Collett Village shops)
- installed new traffic light cabling and infrastructure for the signalised pedestrian crossings on Victoria Road and Pennant Street
- completed road resurfacing and line marking on Victoria Road
- installed new drainage on Pennant Street near Collett Village shops
- commenced installation of new kerb ramps.

When will we be working?

We will continue to work up to five nights per week between **April and June 2024** to complete the work as quickly as possible.

Our work hours will be from **Sunday to Thursday** between **8pm** and **5am** the next day.

We will not work on Fridays (after 5am), Saturdays or on public holidays.

We will provide a further update if the work schedule should change.

What will this mean for you and how will we manage it?

Our work may be noisy at times, but we will do everything we can to minimise our impacts, including:

- turning off equipment and vehicles when they are not in use
- completing noisier work by midnight

- using noise blankets around our work while we are completing noisier activities.

Traffic changes

There will be temporary traffic changes to make sure the work zone is safe. Lane and road closures and a 40km/h speed limit will be in place and may affect travel times.

Pennant Street road closure and detour routes

At times, we may need to close Pennant Street between Victoria Road and Pemberton Street during our nighttime work hours.

When Pennant Street northbound is closed

- motorists will need to detour via Pemberton Street.

When Pennant Street southbound is closed

- motorists wishing to access Victoria Road eastbound will need to detour via Pemberton Street.
- motorists wishing to access Victoria Road westbound will need to detour via Isabella Street, Pennant Hills Road, Albert Street and O'Connell Street.

We will only need to close Pennant Street **in both directions** at the same time for up to **five night shifts** between **April and May 2024**. We will update the project webpage as detour dates and times are confirmed. You can also contact our delivery partner, Fulton Hogan, for further information on Pennant Street closures.

Bus stop changes

For up to **five night shifts** between **April and May 2024**, the bus stop on Pennant Street opposite Collett Park (Stop ID: 215093) may be closed between **8pm** and **5am** and bus users directed to the Pennant Street bus stop after Symonds Avenue (Stop ID: 215098). Traffic controllers will be on site to assist bus users.

Road closure information will be displayed on Variable Message Signage Boards around the area at least five days before road closures commence.

Access will be maintained to Collett Village shops and driveways on Pennant Street under the direction of traffic controllers.
