

# Wakehurst Parkway Improvements

## Update on site investigations

March 2024

Transport for NSW acknowledges the Traditional Custodians of the Northern Beaches on which we work and pays respect to Elders past and present.

The NSW Government is investigating improvements to Wakehurst Parkway between Frenchs Forest Road, Frenchs Forest and Pittwater Road, North Narrabeen focusing on safety and capacity for this key link in Sydney's Northern Beaches.

As outlined in our November 2023 notification, we have been carrying out site investigations to better understand and inform the options being considered as part of these improvements.

Investigations will continue until **Friday 28 June 2024** to assist with design development. Work will be carried out in stages across the 9.5km corridor and include ecological, utility, survey and geotechnical investigations which may involve boring and minor excavation at times.

We will be on site periodically **over the next four months** and will include both day and night shifts, weather permitting. Day shift hours are **Monday to Friday 7am to 6pm** and **Saturdays 8am to 1pm**.

To subscribe to the email distribution list for this project, please contact [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au)

Night work hours are **Monday to Saturdays from 8pm to 5am**. This work will take place up to **15 night shifts** over the next four months. No work will be carried out on Sundays or during public holidays.

## Traffic changes

To ensure public safety, temporary traffic lane closures and reduced speed limits may be in place. For the latest traffic updates, please call **132 701**, visit **livetraffic.com** or download the **Live Traffic NSW App**.

Access to some properties may be impacted during our work. We will notify any impacted properties prior to work commencing and discuss alternative access arrangements with property owners directly as required.
