

Sydney Trains

Westmead Bridge Road Upgrade November and December Update

From Friday 1 November to Tuesday 31 December 2024

What we're doing

Sydney Trains is upgrading the road-over-rail bridge at Bridge Road, Westmead, to improve traffic flow in the Westmead precinct.

The project includes:

- an upgraded bridge with three traffic lanes, one northbound and two southbound lanes to ease morning peak hour traffic.
- a new shared path on the eastern side and an upgraded footpath on the western side of the bridge.

Throughout November and December, works will be carried out on both sides of the bridge during standard construction hours.

Work will include:

- site establishment
- concrete works
- backfilling works.

Additionally, there may be deliveries of material and plant scheduled outside of standard working hours to minimise traffic impacts.

We understand this work may have an impact on you and we appreciate your patience and understanding.

Please note that the Westmead Bridge Road Upgrade project team will finish work at our site on Friday 20 December 2024 and will resume work on Monday 6 January 2025.

Thank you for your patience during our works throughout 2024 and we wish you and your family a safe and happy holiday season.

How this affects you

Noise

- These works may create additional noise throughout the day and at night.
- Standard construction hours are from **7am to 6pm Monday to Friday and 8am to 1pm on Saturdays.**
- We will select low-noise equipment where available.

Traffic and Parking

- A contraflow may be in place on Alexandra Avenue, between Bridge Road and Hawkesbury Road during weekdays. Traffic flow will be maintained in both directions.
- Traffic control will be on duty to assist motorists and pedestrians during the affected periods.

Sydney Trains

- There will be reduced parking on Alexandra Avenue near Bridge Road on the railway corridor side of the road.
- Buses replace trains for some rail lines during this period. Please plan and visit www.transportnsw.info to find updated trackwork information.

We apologise for any inconvenience and thank you for your cooperation during these essential works.
