

# Night work on Atchison Street at Wollongong

September 2024

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Transport for NSW is working with Wollongong City Council to relocate the existing Wollongong bus layover, currently located on Marine Drive.

## What work are we doing?

Following extensive community consultation in 2023, investigation work will begin next week to relocate the Marine Drive bus layover area to Atchison Street, Wollongong.

We'll be completing investigation work at the proposed Atchison Street site to inform further planning and detailed design.

Work will include boundary survey, cutting pavement and bore-hole drilling to determine the location of utilities and the suitability of the existing pavement surface and substructure for buses.

## When and where we'll be working

We'll be working at the Atchison Street car park, opposite 19 Atchison Street, Wollongong.

Work will be carried out at night between 5pm and 6am from **Monday 30 September to Wednesday 2 October 2024**, weather permitting.

## What will this mean for you?

There will be temporary impacts to residents and motorists while we carry out this work. Noisy activities will be completed during the early evening to reduce the disruption to nearby residents.

You may notice:

- noise and light from machinery and equipment
- workers and vehicles
- traffic controllers and signage.

## Changes to car park access

Work will be carried out outside of the car park operating hours to reduce the impact on car park users. During work hours, exclusion zones will be in place around the work areas to ensure the safety of workers and pedestrians.

## Contact us
