

Bridge maintenance at Forbes Iron Bridge from Monday 19 August

August 2024

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Transport for NSW is carrying out routine maintenance work at Forbes Iron Bridge on Raymond Street south of Forbes.

What work are we doing?

The work will include repairing the erosion controls under the bridge by placing additional scour protection rocks, restoring the bridge access tracks, general cleaning of the bridge and pedestrian footpath, and other minor repairs.

We have included a map to show the location of the work area.

When we'll be working

We will be working between **7am** and **6pm** **Monday to Friday**, from **Monday 19 August**.

We expect to complete the work in **five weeks**, weather permitting. All work activities and dates are subject to weather and site conditions.

What will this mean for you

There will be temporary traffic changes to ensure the work zone is safe, including **temporary lane closures** and a **reduced speed limit of 40km/hr** during work hours.

Please keep to the reduced speed limit during work hours and follow the direction of traffic controllers and signage.

You should allow up to five minutes extra travel time during this work.

Outside work hours, both approach lanes to the bridge will be open and will revert to the posted speed limit.

For the latest traffic updates, you can download the Live Traffic NSW app, visit [livetraffic.com](https://www.livetraffic.com) or call 132 701.

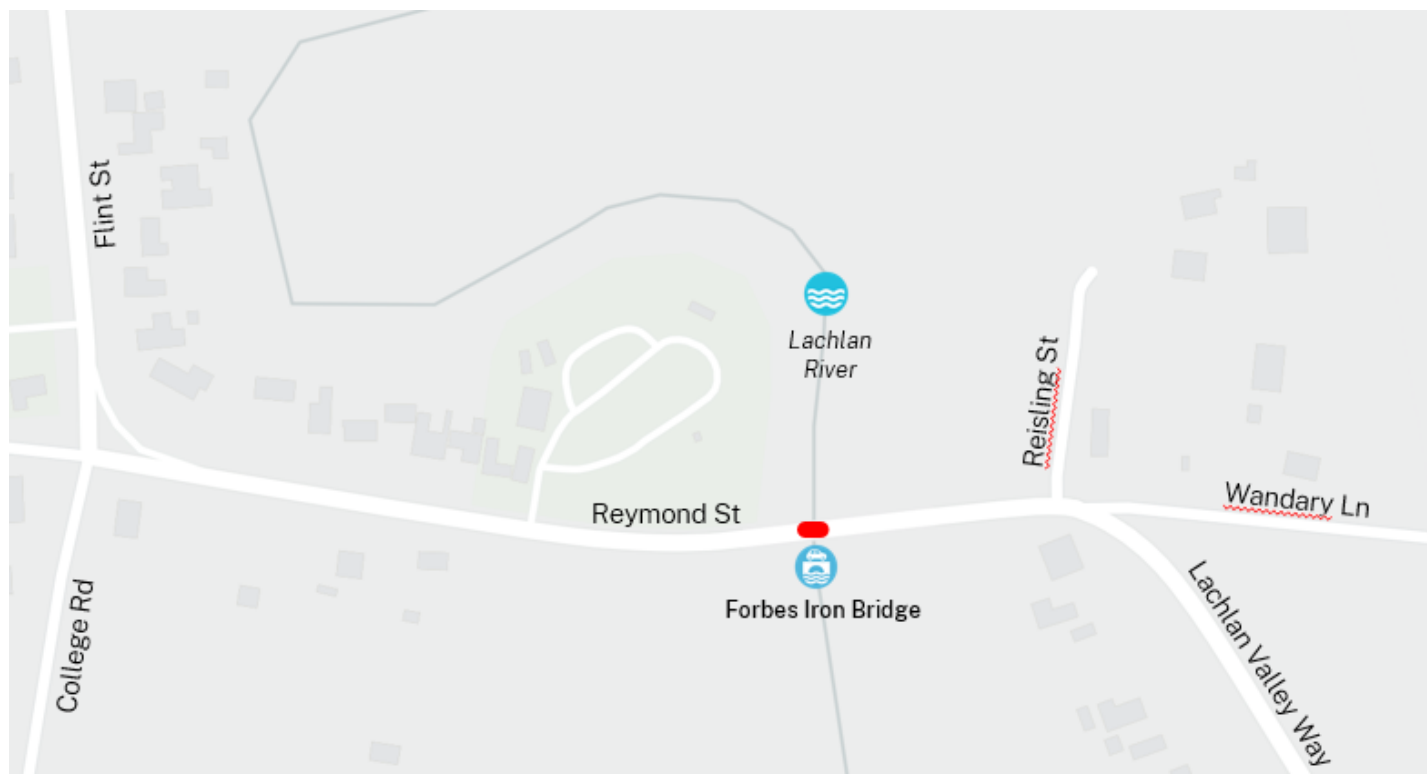

Managing our impacts

We aim to manage our work to minimise impacts to the community and the environment.

The work will involve the use of machinery which generates some noise. We will make every effort to minimise noise by turning off machinery and vehicles when not in use.

We understand that the work will generate some inconvenience and we thank you for your patience.
