

Traffic improvements on Bunnerong Road, Pagewood

November 2024

Transport for NSW acknowledges the Gadigal people of the Eora Nation as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Transport for NSW is improving safety and efficiency on Bunnerong Road, Pagewood.

Transport is planning changes to improve safety and traffic flow around the Bunnerong Road and Birdwood Avenue intersection. Let us know what you think of the proposed changes to:

- remove right turns from Birdwood Avenue into Bunnerong Road

- remove right turns from Bunnerong Road into Birdwood Avenue
- widen the pedestrian refuge on Birdwood Avenue for safer crossing
- create two new No Stopping zones along the northbound side of Bunnerong Road from 6am to 7pm, Monday to Friday (before the bus zone south of Birdwood Avenue and just north of Birdwood Avenue).

Proposed changes to Bunnerong Road

Project benefits

Changing access into and out of Birdwood Avenue will improve safety for pedestrians and road users by reducing lane changing and weaving, and reducing the risk of collisions caused by right turns.

New No Stopping zones will:

- improve traffic flow by efficiently using all existing lanes and reducing queueing at Botany Street, resulting in more reliable travel times along Bunnerong Road.
- improve bus access to the bus stop to the south of Birdwood Avenue.

How will these changes affect you?

Drivers will no longer be able to turn right into or out of Birdwood Avenue. Instead, they could use Prince Edward Circuit, located 150 metres north, which offers better visibility.

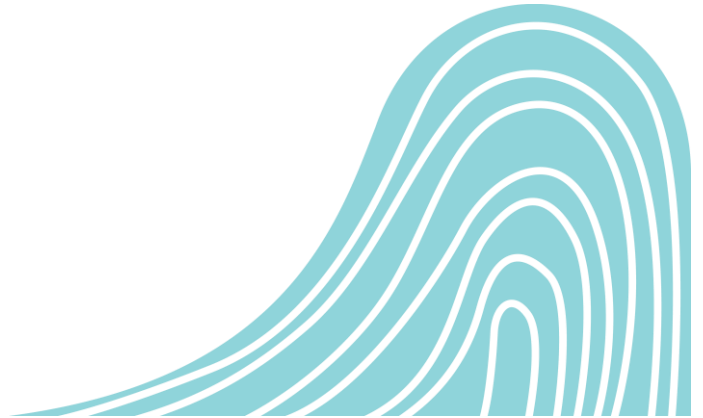

The introduction of the No Stopping zone in the northbound lane will require:

- the removal of two car parking spaces, before the bus zone south of Birdwood Avenue
- the removal of 12 car parking spaces just north of Birdwood Avenue.

Next steps

Work is planned to start in early 2025. We will notify the community again before construction starts.

If you have any questions or concerns, please get in touch with the project team by **Friday 13 December 2024** by emailing projects@transport.nsw.gov.au or calling **1800 684 490**.
