

Doonside Station Upgrade Community Update

Transport Access Program

July 2024

Transport for NSW acknowledges the Darug people as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

What work are we doing?

In August, our work will include:

- installing a new orange 'T' (train) sign near Eastwood Lane
- general electrical work on the footbridge and ramp
- screen installation at Eastwood Lane lift and Cross Street lift
- minor completion work activities across the station
- placing heritage interpretation artwork panels within the station area, near Eastwood Lane.

Our work hours are **7am until 6pm, Monday to Friday** and **8am until 1pm on Saturdays**.

What will this mean for you?

You may notice:

- intermittent periods of noise and vibration from machinery and equipment
- increase in construction vehicles and workers.

Changes to scheduled works

Work schedules are subject to change due to permits, weather, and site conditions.

Further notification will be provided should there be a significant change to the work program.

Managing our work

There will be times when we'll create noise due to construction activities. But we'll try to keep it down by:

- turning off vehicles and equipment when not needed and using quiet beeping sounds when backing up
- using traffic control and signage to notify pedestrians, commuters and road users of any temporary changes required to facilitate our work.
