

Community Notification

Lidcombe Station

December 2024

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

We are delivering new, state-of-the-art intercity and regional trains.

The new trains will provide new safety features, improved accessibility, facilities and reliability for passengers who travel on our regional and intercity networks.

To accommodate the new Regional Rail and Mariyung fleets, we need to upgrade and modify some existing rail infrastructure at various locations across the rail network.

What work are we doing?

In December, we will be working within the rail corridor to carry out service investigation work.

Equipment and machinery to be used:

- vacuum truck
- two tonne tipper truck
- general hand tools.

When and where we'll be working

From **Monday 16 December 2024**, we will be working at or around Lidcombe Station during standard construction hours of **7am to 6pm Monday to Friday and 8am to 1pm on Saturdays**, weather permitting. There will be no work on public holidays.

What will this mean for you?

You may notice:

- workers and vehicles
- moderate noise from construction activities.

Managing our impacts

We will take steps to reduce noise and impacts on the community and the environment.

This includes and is not limited to:

- using non-tonal reversing beepers
- instructing workers to keep noise to a minimum, where possible.

More information

Working closely with the local community is a priority for Transport for NSW. We will keep you up to date about upcoming work with regular notifications and updates on our website.
