

Traffic changes on Elizabeth Drive, Kemps Creek

M12 Motorway – Central

September 2024

Australian Government

Transport for NSW acknowledges the Dharug Nation as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The Australian and NSW governments are building the M12 Motorway to provide direct access to the Western Sydney International Airport at Badgerys Creek and connect to Sydney's motorway network.

What work are we doing?

Transport for NSW will move traffic onto a new straightened section of Elizabeth Drive, 200 metres west of the Elizabeth Drive and Mamre Road roundabout, from **Tuesday 17 September 2024**.

We are making these changes as we continue to progress work on the new M12 bridge over Elizabeth Drive. We have included a map over the page to show these changes.

We will work at **night** on **Monday 16 September** to prepare for this traffic change. During this work, we will:

- carry out asphaltting and line markings
- install signage on Elizabeth Drive
- deliver, use and remove equipment as needed.

If these dates change due to weather or program changes, we will inform the community via email and roadside digital signs.

Our work schedule

Preparation work will take place between **6pm** and **7am** under traffic control, weather permitting.

These traffic changes will take place from **4am** on **Tuesday 17 September**, weather permitting.

What equipment will be used?

During the preparation work we may use light and heavy vehicles, pavement profilers, line marking trucks, hand power tools, water carts, sweepers, asphalt pavers, bobcats and rollers.

How will this work affect you?

During our work you may see increased activities in the area. The work may be noisy at times, but we will do everything we can to minimise its impact, including completing noisier activities earlier in the night before **midnight** where possible and turning off equipment and machinery when not in use.

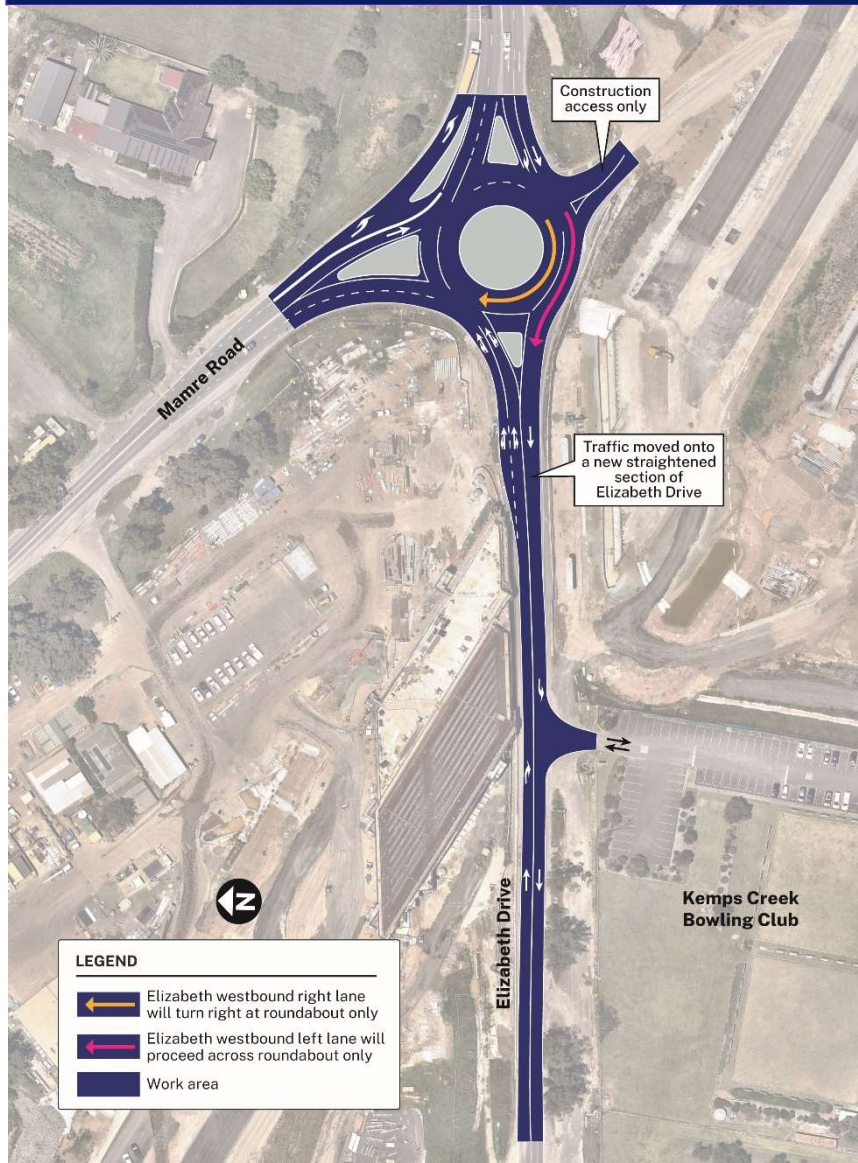

Traffic changes

There will be temporary traffic changes and reduced speed limits in place to ensure the work zone and road is safe for motorists and workers.

A 40 km/h speed limit will be in place on Mamre Road and Elizabeth Drive approaching the Elizabeth Drive and Mamre Road roundabout and the work area until late 2024. Please keep to speed limits and follow the direction of traffic controllers and signs.
