

Field investigations along Mandalong Road, Morisset from Monday 13 November

November 2023

Transport for NSW acknowledges the Awabakal people as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Transport for NSW is carrying out field investigations at Morisset on and around Mandalong Road from the M1 interchange to Ourimbah Street, to inform future road work.

What work are we doing?

The field investigations include detailed engineering surveys of the road surface, road corridor, drainage systems and underground services.

When and where we'll be working

We will be working intermittently in your area from **Monday 13 November for up to six weeks**, weather permitting.

We will be working between **7am and 5pm from Monday to Friday**.

Some night work may be required, between **7pm and 5am Monday to Friday**.

We will let you know in advance if we need to do any work outside these times.

We have included a map to show the investigation area where the surveys will be carried out.

What will this mean for you?

You may notice workers on site as well as temporary footpath closures / pedestrian detours in place.

Work will involve traffic control vehicles moving on-site that generate a small amount of noise and light. We will make every effort to minimise noise by turning off machinery and vehicles when not in use.

Driveway access will be maintained at all times.

Traffic changes

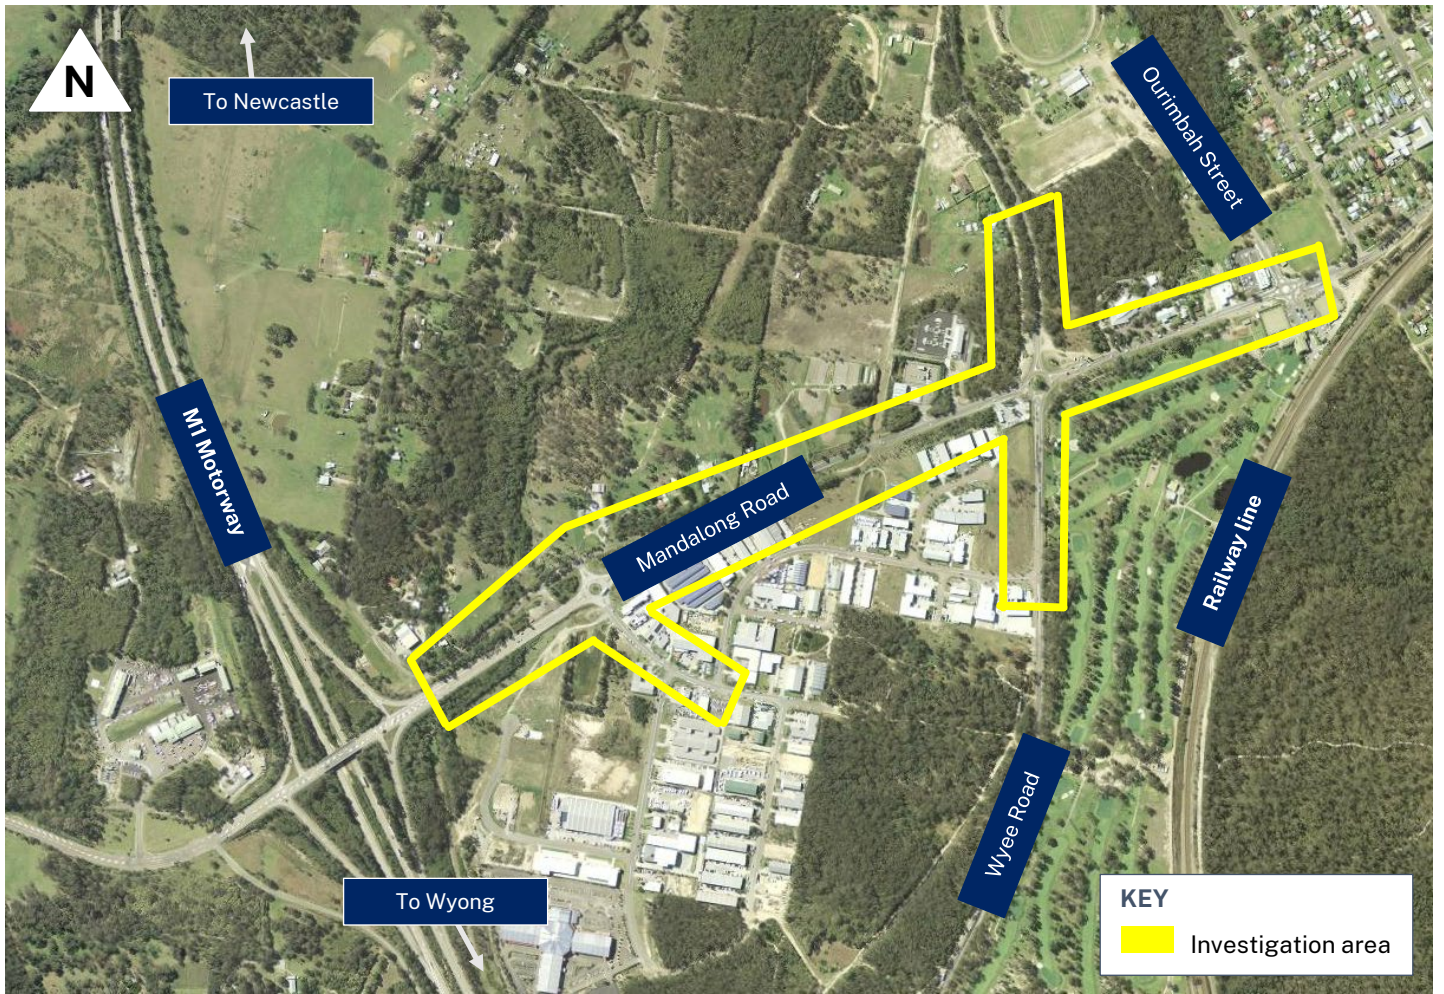

There will be temporary traffic changes to ensure the work zone is safe.

Single lane and shoulder closures with traffic control and a 40km/h speed limit will be in place as required during work hours and may affect travel times.

Please keep to speed limits and follow the direction of traffic controllers and signs.

Thank you for your patience during this important work.
