

Night work for field investigations along Mandalong Road, Morisset from Wednesday 8 May

Mandalong Road upgrade, Morisset

April 2024

Transport for NSW acknowledges the Awabakal people as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The NSW Government is carrying out field investigations at Morisset on and around Mandalong Road from the M1 Pacific Motorway interchange to Ourimbah Street, to prepare for future road improvements.

What work are we doing?

Transport for NSW will carry out the work, which includes geotechnical investigations and surveying underground services that will be used to inform the Mandalong Road upgrade project.

When and where we'll be working

We will be working intermittently in your area from **Wednesday 8 May for up to six weeks**, weather permitting.

We will be working between **7am and 5pm from Monday to Friday**.

Some night work will be required, between **7pm and 5am Monday to Friday**.

We will let you know in advance if we need to do any work outside these times.

We have included a map to show the investigation area where the work will be carried out.

What will this mean for you?

The impact to residents and businesses in the area will be minimal.

Night work will involve machinery and heavy vehicles moving on-site that generate noise and flashing lights. We will make every effort to minimise noise by turning off machinery and vehicles when not in use.

Driveway access will be maintained at all times.

Traffic changes

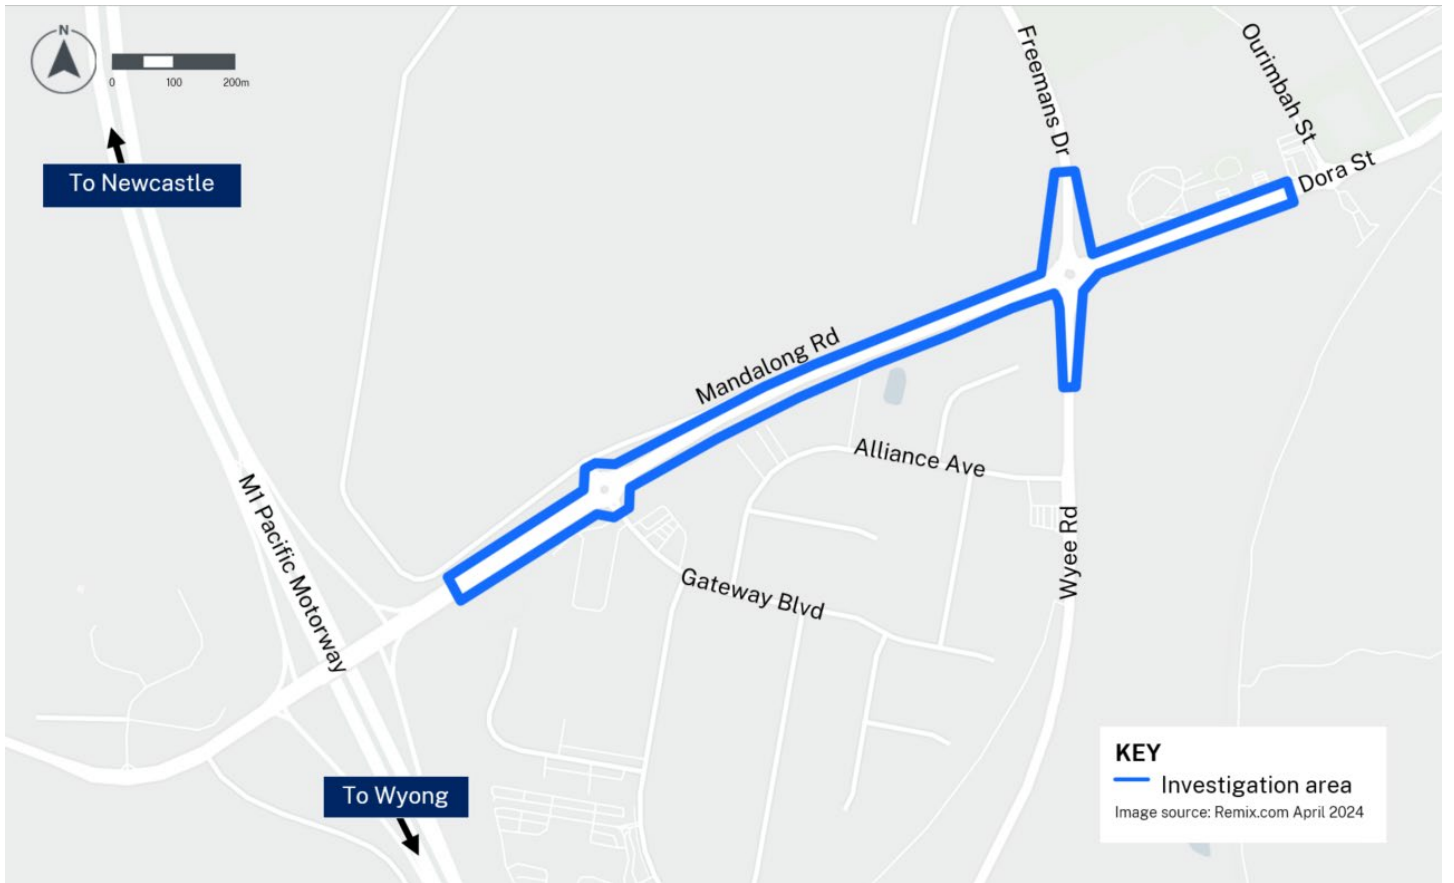

There will be temporary traffic changes to ensure the work zone is safe for motorists and workers.

Shoulder closures will be in place during day work with single lane with traffic control and a 40km/h speed limit in place during night work as required, which may affect travel times.

Please keep to the speed limits and follow the direction of traffic controllers and signs.

Thank you for your patience during this important work.
