

# Weekend work on pedestrian bridge 16 and 17 March

## Medlow Bath Upgrade

March 2024

Australian Government

BUILDING AUSTRALIA

NSW  
GOVERNMENT

Transport for NSW pays respect to the Darug and Gundungurra people as the Traditional Custodians of the lands on which we work and pays respects to Elders past and present.

The Medlow Bath Upgrade will reduce congestion and improve safety and accessibility for all road users, commuters, and pedestrians.

### What work are we doing?

Construction is progressing on the new pedestrian bridge at Medlow Bath Station. We are timing our next stage of work to align with a **planned Sydney Trains possession weekend on 16 and 17 March**. No train services will operate during this time.

Work on the station platform will include:

- Using two large cranes on Railway Parade and alongside the highway to install precast culverts, steel elements and lift components
- Installing precast stairs
- Backfilling the platform extension and resurfacing works
- Removing temporary structures and scaffolding
- Installing precast panels to parts of the station and walkway
- Removing a power pole and overhead cable pulling on the highway and above the rail line through to Railway Parade.

### When and where we'll be working

Work will align with the Sydney Trains rail possession from **12:00am Saturday 16 March to 2:00am Monday 18 March**.

We have included a map over the page to show the location of work activities.

### What will this mean for you?

You may notice:

- A temporary lane closure along Railway Parade between Sheila Street and Somerset Street
- An increase in plant, vehicle and truck movements on Station Street and Railway Parade
- Work activity on the railway platform and surrounding areas
- Signage and traffic impacts along Railway Parade and the highway.

Pedestrian access will be maintained along Railway Parade to Medlow Park, Potbelly Café and the station. Please follow signage and the marked path for your safety.

### Managing our impacts

We aim to manage our work to avoid impacts to the community and the environment. This includes:

- Providing a pedestrian pathway along Railway Parade
- Turning off machinery when not in use always Maintaining access to properties
- Liaising directly with affected residents and businesses prior to work commencing
- Arranging work in stages at different locations
- Traffic control to maintain and direct vehicle movements.

## Location of work areas

## Traffic Impacts

On Saturday 16 March there will be a single lane closure along Railway Parade to allow work to be carried out safely.

Traffic control will be in place, including a reduced speed limit of 40km/h.

Road users, including pedestrians and school children, are advised to follow the directions of signs and traffic control. For traffic updates, call 132 701, download the Live Traffic NSW App or visit [livetraffic.com](http://livetraffic.com).

We understand that this work may be inconvenient, and we thank you for your patience.
