

Mona Vale Road East upgrade

Work notification - outside standard work hours

January 2024

Transport for NSW acknowledges the Traditional Custodians of the Northern Beaches on which we work and pay respect to Elders past and present.

The NSW Government is upgrading Mona Vale Road between Manor Road, Ingleside and Foley Street, Mona Vale, from two lanes to four lanes to ease congestion, reduce travel times and improve safety.

Night work hours

To minimise traffic disruptions and reduce safety risks to the workers and road users, we need to carry out night work in January.

Work will take place on Mona Vale Road between Manor Road to Foley Street from **8pm to 6am, Monday 8 January to Wednesday 31 January**, weather permitting.

Work will not take place more than two consecutive nights and no more than three nights each week, up to 10 nights per month.

Our upcoming work

In January we will continue working on:

- road maintenance, gate adjustments, barrier movements and plant and equipment delivery/pick up along the alignment
- completing asphaltting work and line marking along the project alignment

How will our work affect you?

During this night work, machinery and equipment used may include tipper trucks, large trucks, backhoes, elevated work platforms, light vehicles, lighting towers, saw cutting machines, franna (mobile cranes on trucks), line markers, excavators, and paving machines.

This work may be noisy at times.

Managing our impacts

We will direct any lighting away from residential properties and turn off machinery when not in use.

The project team will contact eligible residents directly for respite in advance of this work.

If our work is delayed, we will notify you in advance of the new dates via VMS signage.

Traffic changes

There will be temporary traffic changes to ensure the work zone is safe for workers and road users.

This work will be weather dependent and if it does not occur on these night's we will look to carry out the work the following week.

Please keep to the speed limits and follow signs and traffic controllers' directions.

Ingleside work area

Work will continue at our site located off Tumburra Street, Ingleside until the end of the project.

Drone

We will be using a drone each month to take progress photos and assist with survey work within the project area.
