## Nepean River Bridge Maintenance

From Friday 17 May to Monday 20 May

### What we're doing

Sydney Trains will be undertaking maintenance works on Nepean River Bridge from Friday 17 May to Monday 20 May.

Work activities include trackwork and replacing steelwork. **These works are expected to be noisy and will need to occur at night during the track possession.**

We understand this work may have an impact on you and we appreciate your patience and understanding.

### How this affects you

#### Noise

- These works will create additional noise at night and over the weekend.
- **Work will take place around the clock from 11pm on Friday 17 May to 4am Monday 20 May.**
- Pneumatic power tools, and pressure washing will be utilised to complete the works.
- We will select low-noise compressors and equipment, where low-noise alternatives are available.
- Equipment may be delivered to the worksite outside the above times. Some deliveries may occur at night due to daytime travel restrictions on large vehicles.
- Finishing works may take place following this period, including the removal of equipment.

#### Traffic and Parking

- Heavy vehicles will be using local streets to access the bridge.
- While we will park our vehicles inside the rail corridor where possible, please be aware that on-street parking may be limited near worksites.
- Traffic controllers will be on duty throughout the works to assist motorists and pedestrians.

**We apologise for any inconvenience and thank you for your cooperation during these essential works.**
