

Nightwork on the Newell Highway at Bellata from Wednesday 22 May

Narrabri to Moree Pavement Upgrade

May 2024

Transport for NSW acknowledges the Aboriginal people as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The Australian and NSW Governments are jointly funding the \$261.17 million Newell Highway heavy duty pavement upgrades between Narrabri and Moree.

What work are we doing?

As part of the construction program, lead contractor Fulton Hogan will be carrying out pavement works at night on the Newell Highway at Bellata.

When and where we'll be working

We'll be working at the Newell Highway intersections with Millie Road and Wilga Street, as well as the BP service station entrance.

Work will be carried out for **up to six-nights** from **6pm to 7am** from **Wednesday 22 May** and will be completed by **Thursday 20 June 2024**, weather permitting.

What will this mean for you?

Detours will be in place during construction and access to Wilga Street will be via Oak Street or North Street (see map below).

You may notice:

- noise and light from the use of plant and machinery
- traffic control
- workers and vehicles.

Managing our impacts

We aim to manage our work to avoid impacts to the community and the environment.

This includes:

- reducing our noise by turning off machinery and vehicles when not in use
- directing lighting away from residents and motorists where possible.

Residents and businesses within the work area will be directly consulted about the planned work activities at least five days before work commences. Thank you for your patience during this important work.

Traffic management

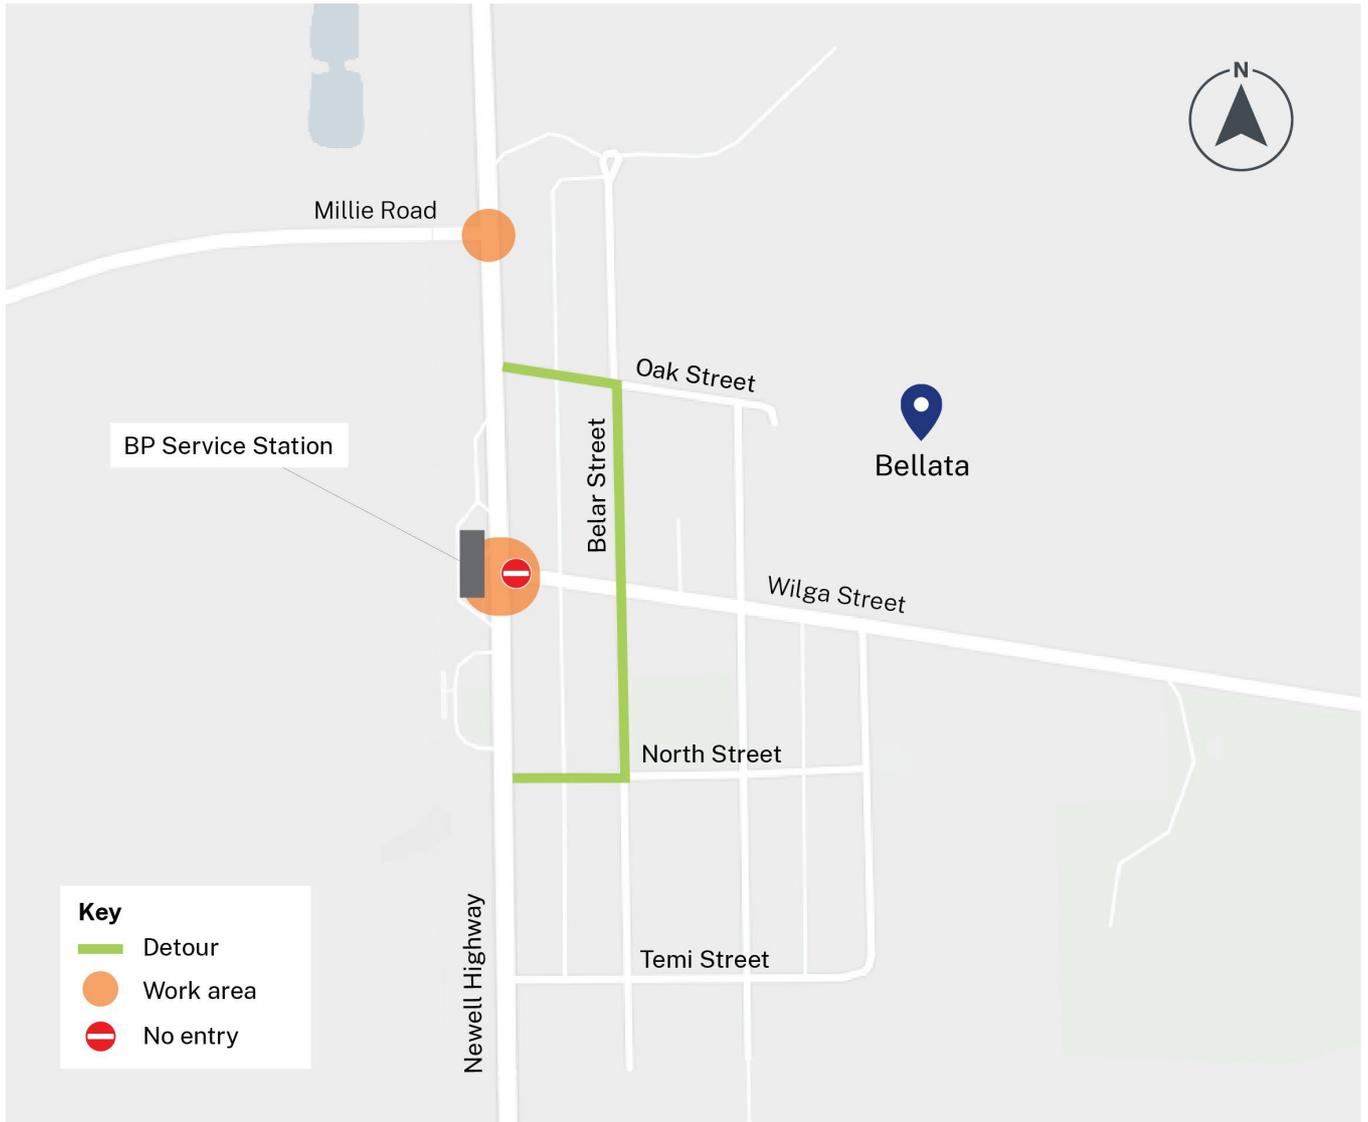

Temporary detours will be in place and the work will be carried out under existing traffic control conditions to keep the work zone safe, which includes reduced speed limits, lane closures and intermittent stopping.

Please keep to speed limits and follow the direction of traffic controllers and signs.
