

Newtown to Redfern Signalling Upgrade

More Trains, More Services

Dear neighbour,

The More Trains, More Services program is simplifying and modernising the rail network. Passengers will be able to access more services on a simpler and more reliable network through the delivery of better infrastructure, new trains and extra services.

Further to our recent notification, we are writing to let you know that **we will reserve seven parking spaces on Copeland Avenue from 6am Friday 8 March to 2am Monday 11 March**. Please refer to the map overleaf.

The temporary removal of parking will ensure there is sufficient room for construction vehicles and equipment to access the work area inside the rail corridor during a scheduled Sydney Trains trackwork period.

We apologise for any inconvenience this may cause and thank you for your patience.

If you would like to know more about our work, please email projects@transport.nsw.gov.au or call **1800 684 490** and ask to speak to the More Trains, More Services team.

Location of work and parking changes
