

Ms Karina Rubenis
Senior Environmental Officer
Transport for NSW
Locked Bay 973
Parramatta NSW 2124

26/10/2021

Dear Ms Rubenis

**Windsor Bridge Replacement (SSI-4951)
Approval of the Maritime Archaeological Excavation Survey Report**

I refer to your submission on 30 September 2021 seeking the Planning Secretary's satisfaction of the Maritime Archaeological Excavation and Salvage Report, Revision D, dated 20 September 2021, under condition C5 of SSI 4951.

I note that the Archaeological Salvage Report for Aboriginal Heritage previously satisfied the Aboriginal Heritage requirements under condition C5 on 21 May 2020. Therefore, the Maritime Archaeological Excavation and Salvage Report is the final component document to be submitted under condition C5.

I also note that the report:

- has been prepared in consultation with the EES Group and Hawkesbury City Council
- has been reviewed by Transport for NSW, and no issues have been raised
- contains the information required by the conditions of approval.

As nominee of the Planning Secretary, I am satisfied that the Maritime Archaeological Excavation and Salvage Report (Rev D, 20 September 2021) meets the requirements of condition C5 of SSI 4951.

Please ensure that the report is placed on the project website at the earliest convenience.

If you wish to discuss the matter further, don't hesitate to contact Lee McCourt on 8289 6969.

Yours sincerely

Jake Shackleton
Director – Infrastructure Management

As nominee of the Planning Secretary
