

Changed traffic conditions on Olympic Highway southwest of Cowra from Monday 2 September

September 2024

Transport for NSW acknowledges the Wiradjuri people as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The NSW Government is funding safety improvements on Olympic Highway southwest of Cowra.

What work are we doing?

Transport for NSW will be carrying out the work which includes:

- Shoulder widening and sealing
- Widening of embankments
- Installation of roadside safety barrier
- Extension of existing culvert

We have included a map to show the location of the work and traffic changes.

When and where we'll be working

Work will take place on a 675-metre section of the Olympic Highway, north from the Allans Road intersection.

Work will be carried out between **6.30am and 6pm** from **Monday to Friday** and **7am to 5pm** on **Saturday and Sundays**.

We expect to complete the work in **six weeks**. All work activities and dates are subject to weather and site conditions.

What will this mean for you?

There will be some temporary traffic changes to ensure the work zone is safe. The road will remain open with **single lane closures, intermittent stopping, and a 40km/h speed limit in place during work hours which may affect travel times.**

The speed limit will be **60km/h outside work hours**. Motorists should allow up to **five minutes** extra travel time.

Please keep to speed limits and follow the direction of traffic controllers and signs.

For the latest traffic updates, you can download the **Live Traffic NSW app**, visit **livetraffic.com** or call **132 701**.

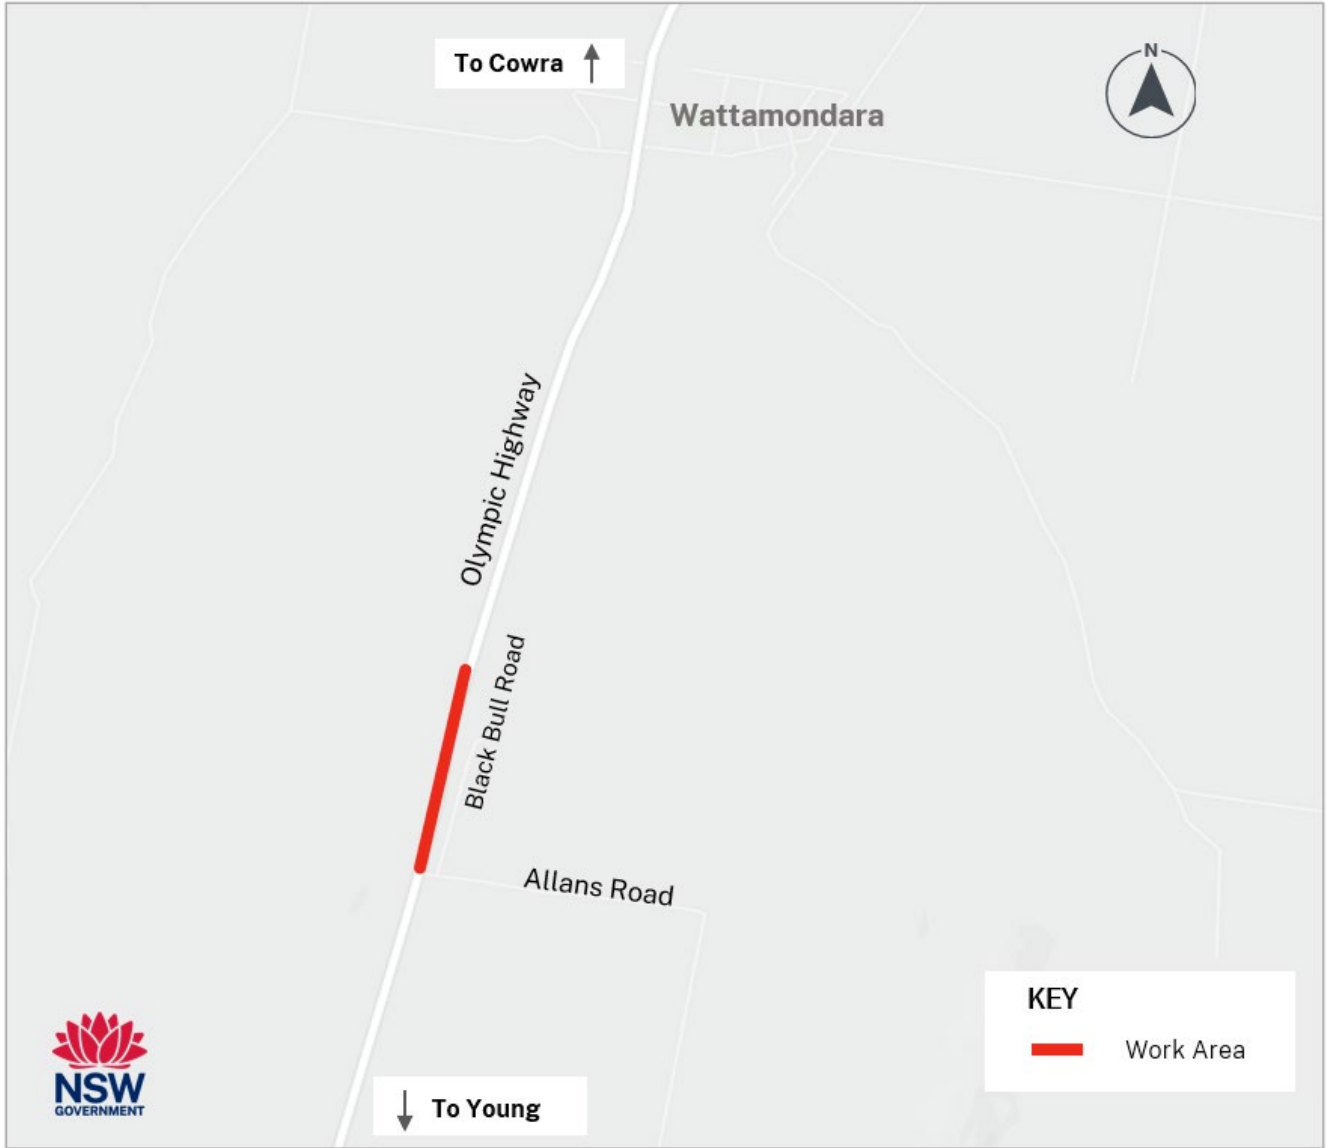

Managing our impacts

We aim to manage our work to minimise impacts to the community and environment.

The work will involve the use of machinery which will generate some noise. We will make every effort to minimise noise by completing louder activities earlier in the morning and turning off machinery and vehicles when not in use.

We understand that the work will generate some inconvenience and we thank you for your patience.
