Project update

December 2024

Transport for NSW acknowledges the Borogegal and Cameraygal as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

South Mosman Wharf is being upgraded as part of the Safe Accessible Transport program to make public transport safe, inclusive and easy to use for all passengers, especially people with disability, older people, people with prams or luggage and people with limited mobility.

Managing impacts during the holidays

The small reserve to the south of our work area will remain open for the public to enjoy during the festive season.

We will continue to minimise impacts to surrounding public areas, other than the actual wharf and site area which will remain restricted until construction is complete.

Construction activities will pause over the holiday period from Monday 23 December 2024 and resume from Monday 6 January 2025.

Please note our email will not be monitored over the holiday shut down period. For any urgent matters please call us on our 24/7 community information line on 1800 775 465.

We hope you have a great break and enjoy the festive season.
