

# Start of work on Swansea Bridge, Swansea from Monday 24 June

June 2024

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pays respect to Elders past and present

The NSW Government is funding maintenance work to ensure the safe and reliable operation of Swansea bridge.

## What work are we doing?

Transport for NSW will carry out the work, which includes inspections, cleaning and brace installation on the some of the bridge piers.

## When and where we'll be working

We'll be working from **Monday 24 June** and expect to complete the work intermittently over **two weeks**, weather permitting.

Working hours are **7am to 5pm** from **Monday to Friday**, weather permitting.

Work will be carried out from under the bridge.

We will let you know in advance if we need to do any work outside of these times.

## What will this mean for you?

You may notice:

- Workers and vehicles
- Traffic controllers and signage
- Periodic openings of the bridge
- Expected delay of up to 10 minutes during required openings.

The public access car park on the north-east side of the bridge will be closed during work hours for safety. Alternative un-timed car parks are available on the southern side of the bridge.

Please keep to speed limits and follow the direction of traffic controllers and signs.

## Managing our impacts

We aim to manage our work to avoid impacts to the community and the environment.

We will minimise impact by:

- Reducing our noise as much as possible
- Turning off machinery when not in use
- No opening will be done during peak road traffic times at 8am and 4pm.
