

# Blackheath embankment work

From Friday 5 September to Monday 8 September 2025

## What we are doing

To improve service reliability, Sydney Trains will complete embankment stabilisation works at Blackheath from Friday 5 September to Monday 8 September.

Work activities include concreting, removal of protruding rock on the embankment and installation of steel mesh.

We understand this work may have an impact on you and we appreciate your patience and understanding.

## Traffic and parking

- Heavy vehicles will use Great Western Highway and Station Street to access the rail corridor. Parking will be limited near access gates.
- We will park our vehicles inside the rail corridor where possible, however please be aware that on-street parking may be limited near worksites.

**We apologise for any inconvenience and thank you for your cooperation during these essential works.**

## How this affects you

### Noise

- These works may create additional noise over the weekend.
- **Work will take place from 6am to 7pm Saturday 6 September and Sunday 7 June.**
- **Site mobilisation and demobilisation will take place from 7am to 6pm Friday 5 September and Monday 8 September.**
- Equipment required for the work includes concrete pump truck, jackhammers and compressors. We will select low-noise compressors and equipment, where low-noise alternatives are available
- Equipment may be delivered to the worksite outside the above times. Some deliveries may occur at night due to daytime travel restrictions on large vehicles.
- Finishing works including the removal of equipment may take place beyond the dates stated above.
