

Repair work on Brig O'Johnston Bridge, Clarence Town from Wednesday 9 July

July 2025

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Transport for NSW (Transport) is carrying out essential maintenance and safety improvement work on Brig O'Johnston Bridge.

What work are we doing?

Transport will carry out the work, which includes installing extra supports on the bridge to ensure the community's ongoing safety.

This work was delayed by wet weather earlier in July.

When and where we'll be working

Brig O'Johnston Bridge will be closed temporarily, with a detour in place, between **9am** and **3pm** on **Wednesday 9, Thursday 10** and **Friday 11 July**, weather permitting.

Traffic impacts

While the bridge is temporarily closed, a detour for all vehicles will be available via Clarence Town Road, Italia Road, the Pacific Highway and The Bucketts Way, which is expected to add up to 50 minutes to journeys. See detour map overleaf.

Motorists cannot use East Seaham Road between Italia and Limeburners Creek roads as the road is closed at East Seaham due to council roadwork,

and there is a 20-tonne load limit on Glen Martin Road at Glen William due to structural issues with an existing culvert.

Drivers should plan their journeys and allow extra travel time, drive to the conditions and follow the directions of signs and traffic control.

Pedestrians will not be able to use the bridge while it is closed.

What will this mean for you?

You may notice:

- workers and vehicles
- traffic controllers and signage
- road closures and reduced speed limits
- noise from machinery and equipment.

Transport thanks the community for their patience during this important work.

Managing our impacts

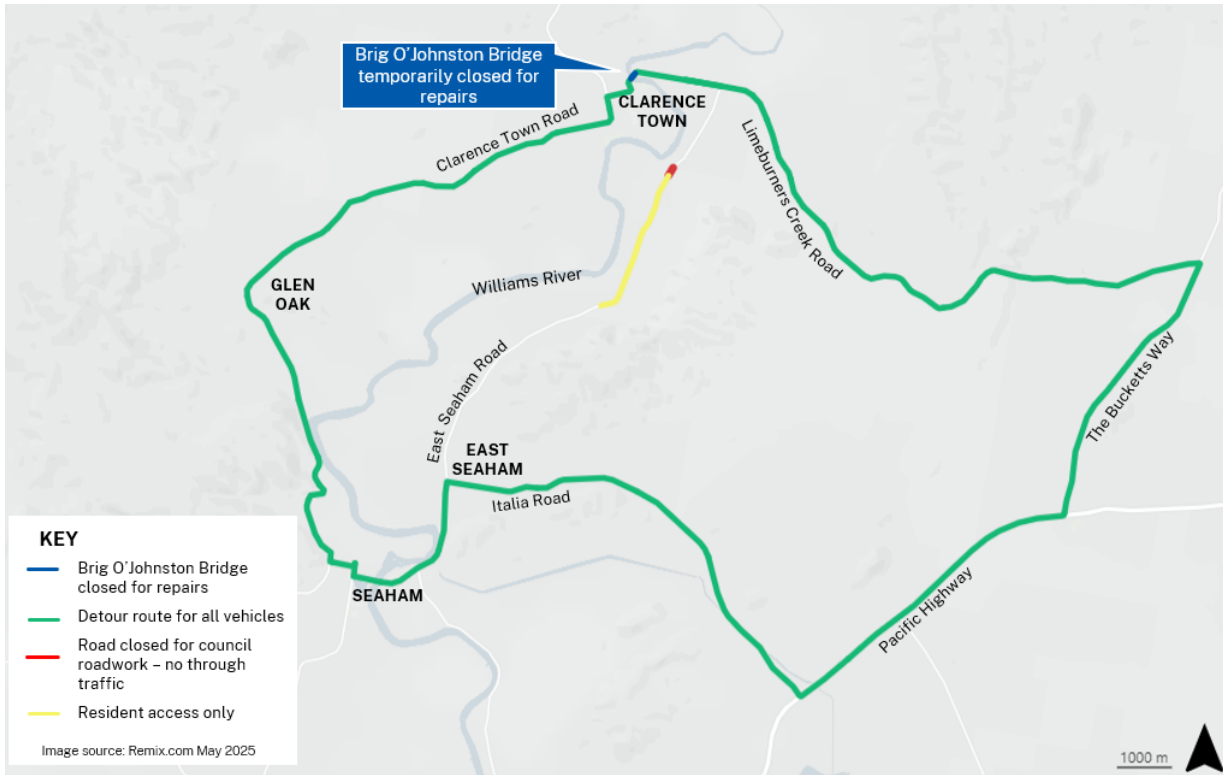

We aim to manage our work to avoid impacts to the community and the environment.

This includes:

- reducing our noise as much as possible.
