

Changes to school services

Across region 4 (Hills District) and region 7 (North)

March 2025

Transport for NSW acknowledges the Dharug people of Dharug Country as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Some dedicated school bus services will be adjusted to improve reliability and align with broader bus network changes. While many school services will remain the same, some timetables will be updated to better match school start and finish times.

Changes to regular bus routes used by students may impact their travel to and from school.

Transport and our bus operators are working closely with schools affected by these changes to ensure students, and their communities are informed and prepared.

We encourage students to plan their journeys in advance to avoid any disruptions.
