

Nightwork on Great Western Highway on 26 February 2025

Coxs River Road Upgrade

February 2025

Transport for NSW acknowledges people of the Wiradjuri Nation as the Traditional Custodians of the lands on which we work and pays respects to Elders past and present.

The Coxs River Road upgrade will reduce congestion and improve safety and accessibility for all local and highway road users, commuters and pedestrians.

Transport for NSW's lead contractor, Ertech is continuing works at Little Hartley for the Coxs River Road Upgrade.

What work are we doing?

We will be undertaking nightwork to connect power supply to the streetlights installed at various locations within the project limits.

In addition, we will be removing temporary barriers between Coxs River Road and Baaners Lane.

When and where we'll be working

We will be working on **26 February between 7pm and 5am**, weather permitting.

What will this mean for you?

Most of this work will have minimal impact on residents. However, you may notice:

- light from lighting towers
- noise from machinery and equipment
- plant movement in and out of the project site.

Managing our impacts

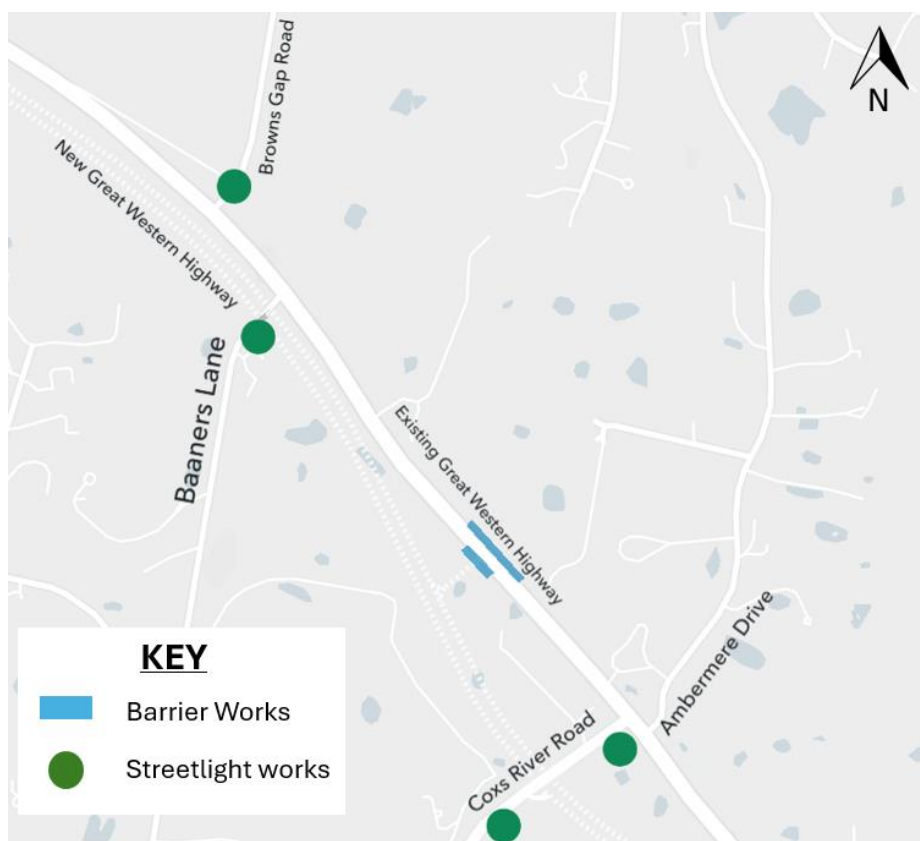

We aim to manage our work to minimise impacts to the community and the environment.

This includes:

- controlling light spill to ensure it has minimal effect on properties
- reducing our noise as much as possible by working in stages and turning off machinery when not in use

Location of work area

Traffic changes

Traffic control, and reduced speed limits to 40km/h will be in place where works are being undertaken.

All road users are advised to follow the directions of signs and traffic control and slow down on approach.

For the latest traffic updates, call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

We understand that this work may cause some inconvenience and we thank you for your patience.
