

# Safety improvement work at Bondi Road and Dudley Street, Bondi from Sunday 23 February 2025

## Community Notification

February 2025

Transport for NSW acknowledges the Bidjigal, Birrabirragal and Gadigal people as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Transport for NSW is improving pedestrian safety at the intersection of Bondi Road and Dudley Street, Bondi. This work is being completed as part of the Federal Road Safety Program.

Work will commence on **Sunday 23 February** and be completed by **Friday 28 March 2025**.

### Federal Road Safety Program

The Federal Road Safety Program aims to improve safety and reduce crashes on NSW roads. The Pedestrian Protection Sub-Program aims to improve protection for vulnerable road users, particularly on urban footpaths, shared pathways, cycleways and road crossings.

Since 2020, the Australian and NSW governments have invested more than \$600 million into road safety projects across NSW as part of the Federal Road Safety Program.

### What work are we doing?

Work activities will include:

- installing traffic light poles and lanterns to create a new signalised pedestrian crossing across Bondi Road
- constructing kerb ramps at the new signalised pedestrian crossing to improve accessibility for pedestrians with mobility issues and parents with prams
- installing new arrow lanterns on the existing traffic light pole to allow pedestrians to safely cross the intersection while motorists are held on red arrows

- placing new traffic light cabling under the footpath and road surface.

To install the traffic light cabling, we will need to excavate sections of the footpath and road surface. These sections will be temporarily filled in after each shift and permanently restored before the project is completed.

Further information on the project location is shown on the map overleaf.

### When will we be working?

We will be on site for up to **eight night shifts** between **Sunday 23 February** and **Friday 28 March 2025**, weather permitting.

We will work between **Sunday** and **Thursday, 8pm and 5am**, the next day.

We will not work on Friday nights or Saturdays.

We will work up to **five nights per week** to complete the work as quickly as possible to minimise our impacts to the community.

If you have any concerns about our work schedule, or the work activities, please contact our delivery partner, Fulton Hogan, as detailed in the contact us box overleaf.

### What will this mean for you and how will we manage it?

Our work needs to be carried out at night to minimise disruption to traffic and reduce safety risks to our workers, pedestrians, and motorists. It may be noisy at times, but we will do everything we can to minimise our impacts by:

- turning off equipment and vehicles when not in use
- completing noisier tasks by midnight

- installing noise blankets around our work when carrying out noisy activities
- using quieter equipment where possible.

## Traffic changes

There will be temporary traffic changes to make sure the work zone is safe. This will include lane closures and a reduced speed limit of 40km/h.

Pedestrian access to footpaths will be maintained under the guidance of traffic controllers.

Temporary traffic lights will also be used at times whilst we install the new poles and lanterns.

Please keep to speed limits and follow the direction of traffic controllers and signs.

Transport for NSW thanks the community for their patience while we complete this important safety improvement work.
