

# Investigation work on Garfield Road, Riverstone from 11 July

Garfield Road Corridor  
July 2025

Transport for NSW acknowledges the Dharug people of the Gadigal Nation as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Transport for NSW will be carrying out investigation work along Garfield Road at the intersection of Piccadilly Street, Riverstone Parade and Railway Terrace.

The investigation work will help Transport to plan for future road safety and traffic efficiency improvements in the area.

## What work are we doing?

Work includes:

- surveying the area and undertaking utility investigation work to establish ground conditions and locate underground utilities
- geotechnical assessment works including potholing, trenching and bore holing
- biodiversity assessment, contamination and noise assessment

## When and where we'll be working

We will be working on site from Friday 11 July to Friday 22 August, weather permitting.

Our night work hours are from 8pm to 4am, Sunday to Friday.

We will not work on Saturday nights.

## What will this mean for you?

We will work up to 10 night shifts over the period to reduce traffic disruption and any risks to the workers during the day.

The night work will involve some use of noisy machinery. We will make any effort to lessen the disturbance where possible, completing noisier work by 11pm and turning off vehicles when not in use.

## Managing our effect on the community

We aim to manage our work to avoid negative effects to the community and the environment.

This includes:

- fencing for safety and security
- reducing our noise as much as possible
- targeted lighting to minimise light spill
- protecting trees with no-go areas

## Location of work area
