

Night work on the Pacific Highway at Lisarow and Niagara Park

September 2025

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The NSW Government is carrying out underground utility search work on the Pacific Highway at the intersections of Parsons Road, Lisarow, and at Newling Street and Kathleen Morreau Road, Niagara Park.

What work are we doing?

Transport for NSW (Transport) will carry out the work, which includes investigative potholing, to help plan for future work.

When and where we'll be working

We'll be working at three Pacific Highway intersections at Parsons Road in Lisarow, and at Newling Street and Kathleen Morreau Road in Niagara Park from **Sunday 21 September**, weather permitting.

We expect to complete the work within **five nights**, weather permitting.

Working hours are **7pm to 5am**.

What will this mean for you?

This work will involve the use of machinery which generates some noise. We will make every effort to minimise noise by completing the noisiest activities by 11pm.

One lane will be closed at each location, with both directions of traffic using the remaining lane under alternating flow.

Temporary traffic signals will be in place at both locations to manage traffic flow.

You may notice:

- workers and vehicles
- traffic controllers and signage
- lane closures and a reduced speed limit of 40km/h
- noise and light from machinery and equipment.

Short traffic delays may occur. Motorists are encouraged to allow extra travel time.

Managing our impacts

We aim to manage our work to avoid impacts to the community and the environment.

This includes:

- reducing our noise as much as possible
- targeted lighting to minimise light spill.
