

MacArthur Drive Intersection Upgrade to be completed 9 May 2025

Heathcote Road Upgrade

May 2025

Transport for NSW acknowledges the Cabrogal people of the Darug Nation as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The intersection of Heathcote Road and MacArthur Drive has now been completed. This will improve traffic flow and reduce delays, especially during peak travel times. This milestone is the second intersection we have completed as part of the project.

Transitioning road users to new lane arrangement

Road users will be able to use the new lane arrangement through the intersection between Heathcote Road and MacArthur Drive from 5am on **10 May 2025**, weather permitting.

When will we be working

We will be working one nightshift on **9 May 2025**, weather permitting between **8pm and 5am**.

Partial lane closures and traffic control will be in place for the safety of workers and road users.

What the final intersection arrangement means for you

This new intersection will promote better traffic flow along the project during daily peak hour traffic times, particularly for road users requiring access to Holsworthy Train Station.

Managing our impacts

We may use noisy machinery and equipment as part of the night work including:

- generators/lighting towers
- street sweepers
- powered hand tools
- elevated working platforms
- line marking equipment.

We aim to manage our work to avoid impacts to the community and the environment, including:

- separation of vehicle and pedestrian access
- turning off noisy machinery and vehicles when not in use
- escorting pedestrians through the work zone if necessary
- ensuring lighting is pointing away from properties
- keeping overall noise from the worksite to a minimum at all times
- making sure vehicles can move safely around construction areas
- continue to keep the community informed about what we're doing and listen to their concerns.

Location of the works

Heathcote Road Upgrade – Final traffic lane arrangement work area at the intersection between Heathcote Road and MacArthur
