

# Henry Lawson Drive Upgrade Stage 1A

## Project Update

June - August 2025

Transport for NSW acknowledges the Darug and Eora People as the traditional custodians of the land on which the Henry Lawson Drive Upgrade Stage 1A project sits and pays respect to Elders past and present.

Transport for NSW is upgrading Henry Lawson Drive, between Tower Road, Bankstown Aerodrome and Auld Avenue, Milperra.

### What work are we doing?

The project construction is now three quarters complete.

To date, we have:

- Completed most of the earthworks
- Switched traffic onto newly constructed roads
- Relocated and installed utility services

Over the next three months, we will:

- Complete asphalt works across the project
- Complete pavement, footpath, kerb and gutter works
- Complete median strip construction between northbound and southbound lanes on Henry Lawson Drive
- Complete culvert works near St Georges Golf Course
- Install street amenities, road signage and guard rails
- Complete landscaping across the project
- Complete property works.

Night work will include:

- Construction of median islands and concrete pouring
- A traffic switch on Henry Lawson Drive to work on middle lanes
- Shifting safety barrier to support the traffic switch
- Complete line marking.

Expect changing traffic conditions and delays throughout the period as we stage works.

### When and where we'll be working

Our normal work hours will be between **7am** and **6pm** from **Monday to Friday** and between **8am** and **1pm** on **Saturday**. We will not work standard hours on Sundays and during public holidays.

Our night work hours will be **Sunday to Thursday** or from **Monday to Friday**, from **8pm** to **5am** to minimise traffic disruptions and reduce safety risks to workers and road users. The project will not exceed five nights in a seven-day period.

When required, we will work up to five nights a week, weather permitting and excluding public holidays. We will contact those residents directly impacted by night works in advance.

## What will this mean for you?

We will be changing traffic conditions to assist future construction work on Henry Lawson Drive and Milperra, Tower, and Newbridge roads.

You may notice increased activity in the area, including:

- Workers and vehicles
- Traffic controllers and signage
- Lane closures and reduced speed limits
- Footpath closures
- Pedestrian and cyclist detours.

Our work will involve the use of machinery and equipment which generates some noise. We will make every effort to minimise noise by turning off machinery and vehicles when not in use.

Please observe traffic change information displayed on variable message signs located along the upgrade zone.

For the latest traffic updates, call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW app.

Pavement works along Henry Lawson Drive to Milperra Road.
