

Henry Lawson Drive Upgrade

Stage 1A

Project Update

March - May 2025

Transport for NSW acknowledges the Darug and Eora People as the traditional custodians of the land on which the Henry Lawson Drive Upgrade Stage 1A project sits and pays respect to Elders past and present.

Transport for NSW is upgrading Henry Lawson Drive, between Tower Road, Bankstown Aerodrome and Auld Avenue, Milperra.

What work are we doing?

The Henry Lawson Drive Stage 1A project construction is now three quarters complete.

To date, we have:

- Finished most footpaths and roads
- Started switching traffic onto the new roads
- Commenced construction of the culvert crossing and retaining wall on Henry Lawson Drive near Tower Road.

Over the next three months, and during standard work hours, work will include:

- Pavement works in front of properties on Henry Lawson Drive
- Completion of footpath, kerb and gutter on Henry Lawson Drive
- Commencing work on two left turn lanes from Henry Lawson Drive onto Newbridge Road
- Construction and completion of netting for Georges River Golf Course
- Completion of culvert crossing north of Tower Road
- Construction of footpath and kerbs along Georges River on the side of Henry Lawson Drive

- Installation of street amenities, road signage and guard rails
- Landscaping
- Finalising property works.

Night work will include:

- Commencing footpath works on Auld Avenue
- Asphalt works on Tower Road
- Traffic switch on Henry Lawson Drive to work on middle lanes
- Constructing median island drainage
- Barrier movements and line marking to facilitate traffic switch.

Changing traffic conditions are expected as we stage these works.

When and where we'll be working

Our normal work hours will be between **7am and 6pm** from **Monday to Friday** and between **8am and 1pm** on Saturday. We will not work standard hours on Sundays and during public holidays.

Our night work hours will be **Sunday to Thursday** or from **Monday to Friday**, from **8pm to 5am** the next day to minimise traffic disruptions and reduce safety risks to workers and road users. The project will not exceed five nights in a seven-day period.

When required, we will work up to five nights a week, weather permitting, and excluding public holidays. We will contact residents who are directly impacted by night works in advance.

What will this mean for you?

We will be changing traffic conditions to assist future construction work on Henry Lawson Drive and Milperra, Tower, and Newbridge roads.

You may notice increased activity in the area, including:

- Workers and vehicles
- Traffic controllers and signage
- Lane closures and reduced speed limits
- Footpath closures
- Pedestrian and cyclist detours.

Our work will involve the use of machinery and equipment which generates some noise. We will make every effort to minimise noise by turning off machinery and vehicles when not in use.

Please observe traffic change information displayed on variable message signs located along the upgrade zone.

For the latest traffic updates, call 132 701, visit livetraffic.com or download the Live Traffic NSW app.

Pavement works along the slip lane from Henry Lawson Drive to Milperra Road.

Asphalt works on Henry Lawson Drive between Tower Road and Milperra Road, including the slip lane into ALDI.
