

Jervis Bay Road intersection upgrade

Princes Highway upgrade program

Construction update – May 2025

April 2025

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The Australian and NSW governments are investing in an upgrade to the Princes Highway and Jervis Bay Road intersection at Falls Creek.

What work are we doing?

During May, work will continue including:

- major earthworks and importing material for embankment construction
- progressing the bridge foundation with construction of retaining walls under way
- continuing the eastern access road, which will soon provide access for some Princes Highway residents (who will be consulted separately about the changes) allowing new work areas to open
- preparing areas for landscaping, which will be progressively carried out as work areas are completed
- building road surfaces on parts of the Princes Highway, Jervis Bay Road, Old Princes Highway and Willowgreen Road
- continuing new drainage across the site
- ongoing construction of the new eastern roundabout to allow Jervis Bay Road to remain open while major bridge works are in progress (more information will be provided prior to changes being implemented)
- completing removal of the median barrier on the Princes Highway and slightly realigning

the southbound lane for works to occur on the eastern side of the highway

- installing and/or relocating safety barriers and signage.

When we'll be working

From **Thursday 1 to Saturday 31 May 2025** our standard work hours will be Monday to Friday between 7am and 6pm, and on Saturdays between 8am and 1pm.

Night work will be carried out for up to 10 shifts each month between 6pm and 7am, with the following nights scheduled for work during May:

- **Thursday 1 May 2025**
- **Monday 5, Wednesday 7 & Thursday 8 May 2025**
- **Monday 12, Wednesday 14 & Thursday 15 May 2025**
- **Monday 26, Wednesday 28 & Thursday 29 May 2025**

All work is subject to weather conditions. We will keep the community informed of any changes.

Temporary traffic changes

During work hours there will be some temporary traffic changes to ensure the work area is safe. Lane/shoulder closures and reduced speed limits of 60 km/h or 40 km/h may be in place on the Princes Highway, Old Princes Highway, Jervis Bay Road, Willowgreen Road and Gardner Road.

Some of the road surface and drainage work will be done during night shifts to minimise impacts to road users during peak times, resulting in lane

closures where vehicles will be directed under traffic control.

Motorists are advised to drive to conditions and follow the directions of signs and traffic control. During night work, motorists are advised to allow an extra five minutes' travel time.

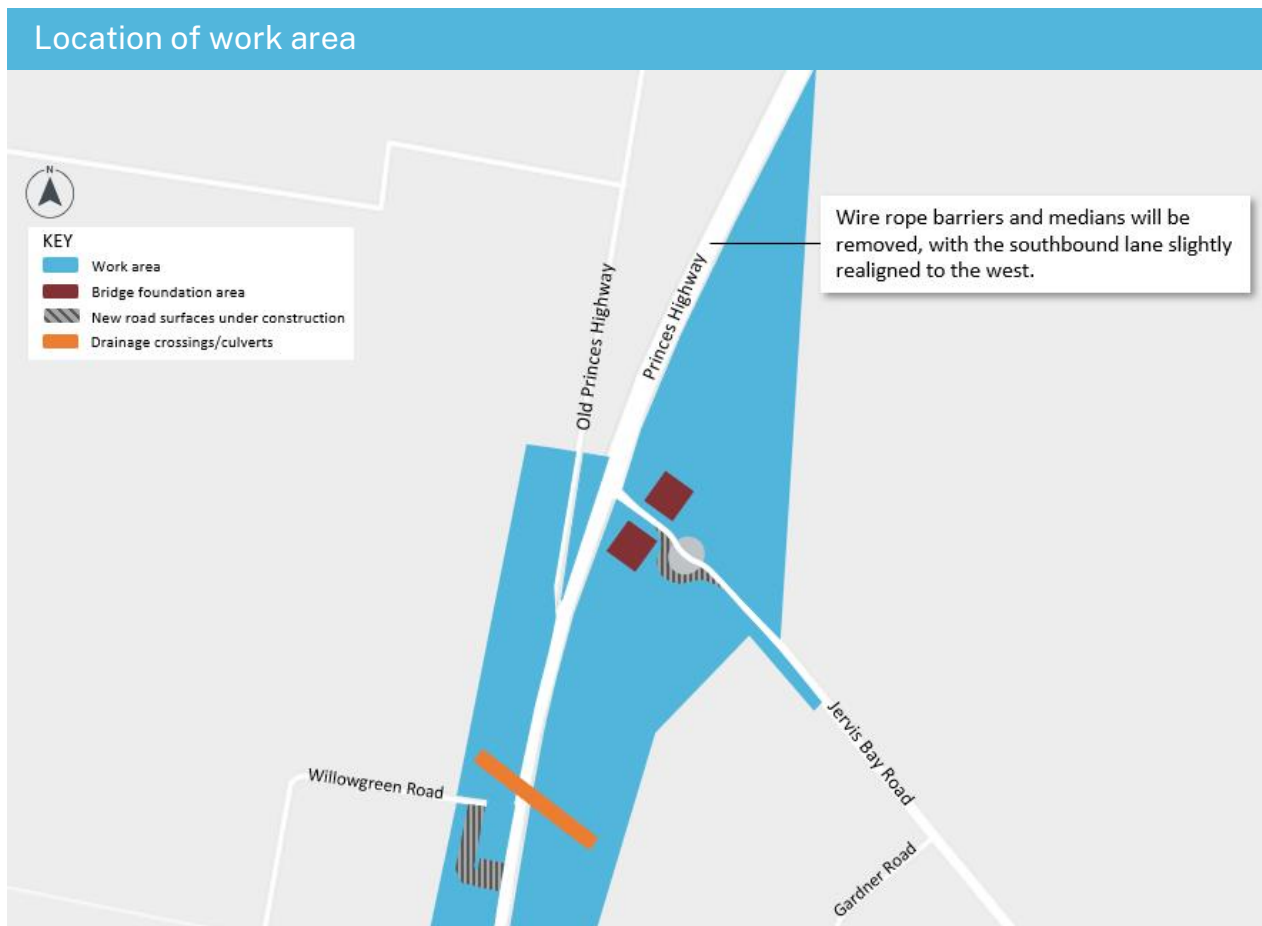

What will this mean for you?

Some activities need to be carried out at night to minimise traffic disruptions and reduce safety risks to our workers and road users.

We will not work more than two consecutive nights in the same area.

Our work may be noisy at times and there may be construction lighting in use, however we will do everything we can to minimise these impacts including using non-tonal reversing beepers on equipment, turning machinery and lighting off when not in use or required, and carrying out noisier works early during the night shift.

Transport for NSW thanks the community for their patience during this time.

Contact us

For questions and enquiries please use the contact details below. The project does not have a community display centre; however, we are happy to arrange face-to-face meetings on request.
