

Macquarie Fields Station Upgrade – Community Notification

Safe Accessible Transport program

April 2025

Transport for NSW acknowledges the Dharawal people of the Dharawal Nation as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Transport for NSW is upgrading Macquarie Fields Station to improve accessibility, convenience and safety.

In March, work included:

- Site establishment within the rail corridor and platforms
- Investigations to locate underground services such as water pipes and electrical cables
- Tree removal on Railway Parade near the station entrance.

What work are we doing next?

In April, Transport will:

- Continue to set up a work area within the rail corridor behind existing fences
- Establishing a site compound
- Conduct ongoing service investigations and relocation of existing services, including lighting and CCTV (where required)
- Foundation work for the new lifts, footbridge and stairs.

When and where we'll be working

In April, standard construction hours are **7am to 6pm Monday to Friday and 8am to 1pm Saturday**. We will notify nearby residents in advance if we need to work outside these hours.

What will this mean for you?

You may notice:

- Ongoing temporary changes to parking near the station entrance

- Service investigation using non-destructive vacuum trucks
- Mobile cranes to lift materials in and out of the worksites
- Using machinery to drill the foundation for the new lifts
- Establishment of a longer-term site compound.

There will be some temporary changes for pedestrians and cyclists when we're working next to footpaths and at the station entrance. Traffic controllers and signage will be in place to assist.

Service investigations in front of the station in March
