

Safety improvement work at the intersection of Parkes Street and Station Street East, Parramatta from Sunday 23 March 2025

Community Notification

March 2025

Transport for NSW acknowledges the Dharug people as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Transport for NSW is improving pedestrian safety at the intersection of Parkes Street and Station Street East, Parramatta. This work is being completed as part of the Federal Road Safety Program.

Work will commence on **Sunday 23 March** and be completed by **Friday 11 April 2025**.

Federal Road Safety Program

The Federal Road Safety Program aims to improve safety and reduce crashes on NSW roads. The Pedestrian Protection Sub-Program aims to improve protection for vulnerable road users, particularly on urban footpaths, shared pathways, cycleways and road crossings.

Since 2020, the Australian and NSW governments have invested more than \$600 million into road safety projects across NSW as part of this program.

What work are we doing?

Work activities will include:

- installing new arrow lanterns on the existing traffic light poles to allow pedestrians to safely cross the intersection while motorists are held on red arrows.

Further information on the project location is shown on the map overleaf.

When will we be working?

We will be on site for up to **three night shifts** between **Sunday 23 March** and **Friday 11 April 2025**, weather permitting.

We will work between **Sunday** and **Thursday, 8pm and 5am**, the next day.

We will not work on Friday nights or Saturdays.

We will work up to five nights per week to complete the work as quickly as possible to minimise our impacts to the community.

What will this mean for you and how will we manage it?

Our work needs to be carried out at night to minimise disruption to traffic and reduce safety risks to our workers, pedestrians, and motorists.

It may be noisy at times, but we will do everything we can to minimise our impacts by:

- turning off equipment and vehicles when not in use
- completing noisier tasks by midnight
- using quieter equipment where possible.

Traffic changes

There will be temporary traffic changes to make sure the work zone is safe. This will include lane closures and a reduced speed limit of 40km/h.

Temporary traffic lights will also be used while we install the new arrow lanterns.

Access to the nearby bus stop, pedestrian crossing and footpath will be maintained under the guidance of traffic controllers.

Please keep to the speed limits and follow the direction of traffic controllers and signs.

Transport for NSW thanks the community for their patience while we complete this important safety improvement work.
