

# Moss Vale Station and Stabling Yard Upgrade

## Community notification

March 2025

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The NSW Government is investing in an upgrade to Moss Vale Station and Stabling Yard to make the station more accessible and to accommodate the new Regional Rail fleet.

The project will achieve Disability Standards for Accessible Public Transport 2002 (DSAPT) compliance, providing a station precinct that is accessible to those with a disability, limited mobility, parents/carers with prams and customers with luggage, while ensuring it aligns with the community's transport needs.

### What work are we doing?

We will continue carrying out construction activities in and around the station and stabling yard, as well as on Argyle Street, Lackey Road and Dalys Way.

During this period we will be:

- starting steel column and seating repairs on Platform 2
- performing landscaping works across the site
- continuing work on the new kiss-and-ride area and the pram ramp near the taxi zone
- installing new automated doors for the waiting room, luggage room and station office, along with associated electrical works
- continuing work in the stabling yard and on the noise wall, potentially increasing heavy vehicle traffic. No road changes or detours are planned.

### What does this mean for you?

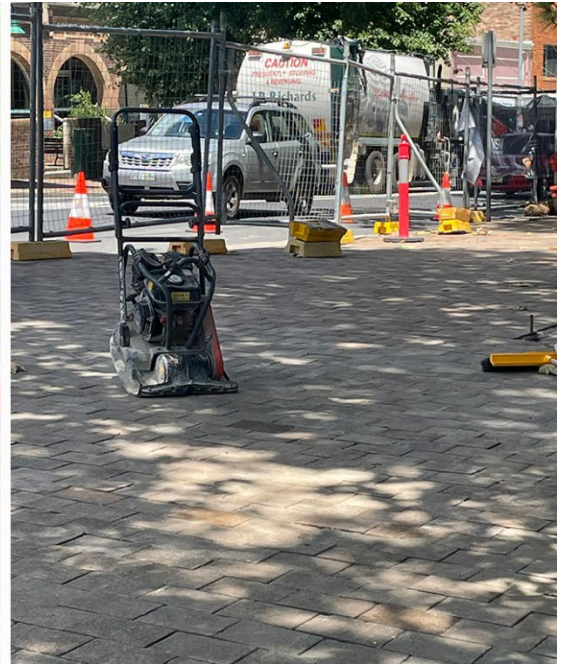

As part of this work:

- there will be no vehicle or pedestrian access along Dalys Way on **Saturday 8 March** and from **4am Saturday 22 March until 6pm Sunday 23 March**. Traffic control personnel will be present to safely direct pedestrians across the work areas during this time.
- bus pick-ups and drop-offs will be relocated to Argyle Street on **Saturday 8 March** and for the weekend of **Saturday 22 and Sunday 23 March**.
- parking spaces at the station entrance may be adjusted.
- workers will be present in and around the station buildings, and some areas may need to be temporarily isolated during work hours.
- the Station Master's office will be undergoing renovations from mid-March for about two months. During this period, access will be through the door adjacent to the station entrance.

### When will we be working?

Most work will be carried out during standard construction hours of **7am to 6pm Monday to Friday and 8am to 1pm on Saturdays**.

The repaving on Argyle Street is continuing to progress. The original pavers have been saved and reused, with extras supplied by Wingecarribee Shire Council.

## Out of hours work

We will be working from **6am to 6pm on Saturday 8 March and between 6am Saturday 22 March and 6pm Sunday 23 March** to carry out the following activities:

- resurfacing asphalt on Platform 2
- upgrading the power and communication system of the station buildings
- fencing, civil work and landscaping on Dalys Way (which may include herbicide spraying)
- light pole work on Argyle Street footbridge and Lackey Road footbridge.

For the safety of staff and passengers, this work will take place during a scheduled Sydney Trains trackwork period while the station is closed. During this time, all buses will depart from Argyle Street near Leighton Gardens.

## Temporary closure of Lackey Road footbridge

The Lackey Road footbridge will be closed for about **two months from mid-April** to allow for accessibility upgrades to be carried out.

The Argyle Street footbridge will re-open during this time. Exact dates and detailed planning information will be provided next month.

For information on accessing the station during ongoing work, scan the QR code or visit [transport.nsw.gov.au/mossvale](https://transport.nsw.gov.au/mossvale)

*All work is dependent on weather and site conditions and is subject to change.*
