

Night work on 13, February 2025

February 2025

Transport for NSW acknowledges the Dharug people as the Traditional Custodians of the lands on which we work and pays respects to Elders past and present

Transport for NSW is continuing work on the Mulgoa Road upgrade between Jeanette Street and Blaikie Road.

Night work is scheduled on Thursday, 13 February 2025.

We will be working on Mulgoa Road, at the corner of side streets and the M4 Motorway ramps (see map on next page).

Working hours are **6pm to 7am on:**

- **Thursday 13, February 2025.**
- In case of bad weather or operational issues, we will work on **Friday 14 February 2025.**

We will be using machinery such as temporary light towers, concrete saw, rollers, vibratory rollers, street sweeper, trench roller, jack hammer, hammer drill, plate compactors, concrete pump, tipper trucks, a concrete agitator, concrete vibrators, vacuum trucks, asphalt paver, hand held rattle gun, excavators (including with breaker attachments), wheeled excavator, fixed track loader, electrical chainsaws, and other trucks for transporting material and saw cutting equipment.

What work are we doing?

- Build the road surfaces, and road maintenance activities at the M4 ramps and Mulgoa Road intersection
- Utility and drainage work on Mulgoa Road, side streets and M4 ramps including investigation work
- Cleaning and repairing existing stormwater pipes

- Preparing to switch over to newly installed utility services along Mulgoa Road and side streets
- Removing the Wolseley Street Island
- Restoring the site when work is finished.

The stockpile site at 95 Blaikie Road will be used on all the above nights.

What will this mean for you?

While our work may be noisy at times, we will do everything we can to minimise its impact, including turning off machinery when not in use.

We will try and complete the noisier part of the work before midnight. However, there may be some intermittent noisy work after midnight. You may hear some squawking from reversing trucks and flashing lights while we restore the worksite. These are essential for us to maintain safe work practices.

Traffic changes day and night

There will be lane and road closures during the night work along Mulgoa Road. To ensure the safety of workers and motorists, there will be traffic controllers to guide road users. Please keep to speed limits and follow the direction of traffic controllers and signs.

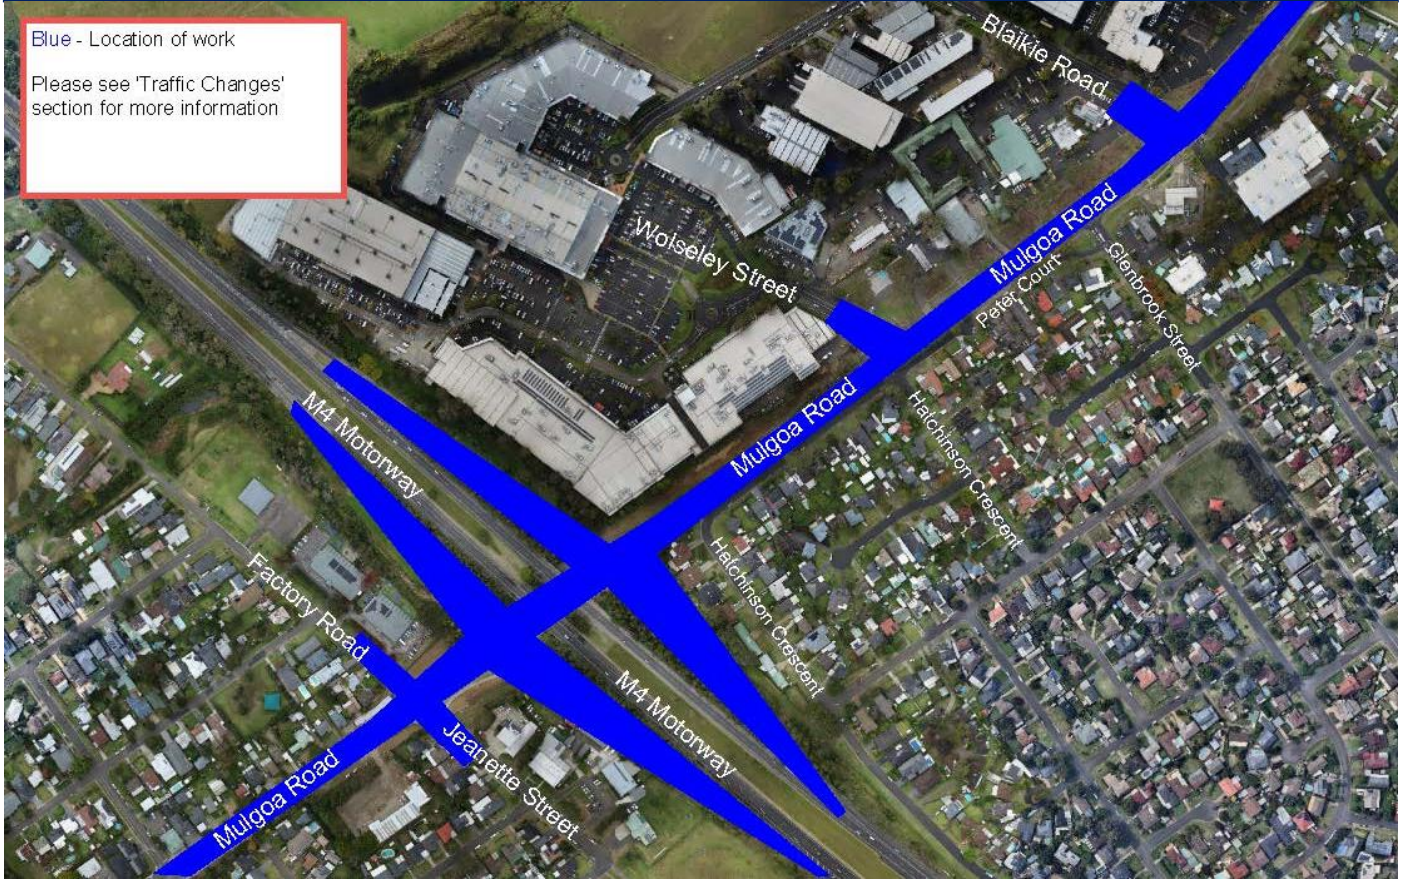

We appreciate the patience and understanding of the community and road users. Please plan ahead and allow extra travel time.

Thank you for your patience during this important work.
